PLANNERS NETWORK

1901 QUE STREET, NW
WASHINGTON, DC 20009

(202) 234-9382

PN ROSTER: Enclosed you will find our 1985 PN Roster, with wonderfully descriptive—sometimes intriguing—biographical narratives for about 20 percent of the entries. They make for great reading. We hope you agree, and that the response rate will double, at least, when we do a Roster again.

The overwhelming preference on the part of those returning Roster forms was for continuation of the previous system of listing people by state, within states by zipcode, and within zipcodes alphabetically. Several of you did urge a supplementary alphabetical cross-listing by state, but our fairly primitive roster/mailing list technology did not permit doing that without a good deal of work. We're exploring moving on to some more sophisticated, computerized form of keeping our mailing list, which would make such gyrations quite easy (and also might permit other innovations, such as doing away with the annual Big Purge, in favor of an ongoing notification system when we haven't heard from a person for a year). We'll keep you posted.

In the meantime, use the Roster well. It's main utility (apart from casual browsing) is in finding people who are doing work similar to yours, and in making direct individual contact—i.e. establish your own mini-network. It's also a nice guide to contacts when you're traveling.

PN INTROSHEETS: We've just done a reprinting (and slight updating) of our intro sheet to PN, "The Planners Network—What It Is." Write us for copies, if you want to recruit, proselytize, or whatever.

FINANCIAL MINI-REPORT: Since the last Newsletter, we've received 47 contributions totaling $1,014. Thanks to each and every one of you.

MINI-PROBLEMS: Several of you have written about late arrival of the Newsletter, particularly when there are deadlines (such as that for submitting Roster information). Third-class bulk mail (which is all we can afford: 8.7¢/copy, compared with 39-56¢/copy first-class, depending on the size of the newsletter) can be erratic. It's possible to complain to the post office if things take too long; but we're not sure it does any good. If any of you complain, and get any place, please let us know.

Another problem reported by a member: In writing for a publication where no price is listed, the assumption often is that it's free; and then the document comes with a bill attached. The problem often is that no price is listed. We will try to be more careful and note where something is explicitly free, and where there simply is no price listed. On items of the latter type, you will just have to take your chances. (By the way, it's okay to return something, if they've billed you and you don't want to pay, where no price has been listed.)

The Planners Network

The Planners Network is an association of professionals, activists, academics, and students involved in physical, social, economic, and environmental planning in urban and rural areas, who promote fundamental change in our political and economic system.

We believe that planning should be a tool for allocating resources and developing the environment to eliminate the great inequalities of wealth and power in our society, rather than to maintain and justify the status quo. We believe that planning should be used to assure adequate food, clothing, shelter, medical care, jobs, safe working conditions, and a healthful environment. We advocate public responsibility for meeting these needs, because the private market has proven incapable of doing so.

We oppose the economic structure of our society, which values profit and property rights over human rights and needs. This system perpetuates the inequalities of class, race, sex and age which distort human relationships and limit the potential for a decent quality of life. We advocate a shift in current national budgetary priorities to favor human services, social production and environmental protection over military and other nonproductive expenditures.

We seek to be an effective political and social force, working with other progressive organizations to inform public opinion and public policy and to provide assistance to those seeking to understand, control, and change the forces which affect their lives.

The Planners Network Newsletter is published six times a year as the principal means of communication among Network members. Annual financial contributions are voluntary, but we need funds for operating expenses. The Steering Committee has recommended the following amounts as minimums for Network members: $10 for students and temporarily unemployed; graduated payments for the employed of $20 plus an additional $1 for each $1,000 earned above $10,000.

Members of the Steering Committee: Chester Hartman, DC, Chair; Emily Achtenberg, Boston; Eve Bach, Berkeley; Bob Beauregard, New Brunswick, NJ; Donna Dyer, Durham, NC; William Goldsmith, Ithaca; Charles Hoch, Chicago; Joochul Kim, Tempe; Judy Kossy, Buffalo; Jacqueline Leavitt, LA; Peter Marcuse, NYC; Jackie Pope, NYC; Alan Rabinowitz, Seattle; Tony Schuman, NYC; Andree Tremoulet, Roanoke.

Newsletter Editor: Prentice Bowsher.

Enclosed is my check payable to the Planners Network for $ .

Please check here if this is a new membership.

Please check here (current members only) if this is an address change, and write your former zip code .

Passing the Word

MEMBER UPDATE: From PN Member Donna Byrd (Health Systems Agency of Northwestern New York, 75 New Scotland Ave., Albany, NY 12208; 518-445-0275): I just encosed my MA from Goddard College in a subject area I call Visionary Planning. In my Master's thesis, called "Visionary Planning: Funding New Tools for Transforming the Health Care System," I look at such issues as planetary change, power relationships, systems and networks as nonarchitectural models of organization, alternative patterns in thought and individual and simultaneous models of time, and the creative ability of human consciousness. I would enjoy hearing from other PNs members who may be interested in any of these ideas.

WATER RESOURCES: Troubled Waters: Financing Water in the West, by Rodney T. Smith, is a 214-page guide to policies for financing water projects in a period when federal financing is in decline. It suggests alternative sources of funds, and proposes a group of state-specific water management programs, by first, Council of State Planning Agencies, 400 N. Capitol St. #291, Wash. DC 20001, 202-624-5386.

JERSEY CITY UPDATE: From Networker Rick Cohen, newly appointed Director of Housing and Economic Development. We have already established a city resource center, developed a jobs linkage program, are investigating the possibility of linking municipal deposits of funds to programmatic cooperation, and have had some success in getting trust fund guidelines. These and other programmatic and policy efforts are receiving the Mayor's active and wholehearted support, despite the typical expected criticism of developers and bankers. We would be glad to supply planners Networker with copies of these policy documents and other materials that we are developing as explanations and rationales for our new policy direction. Contact Dept. of Housing and Economic Development, 26 Journal Sq., Jersey City, NJ 07306, 201-547-5071.

CALIFORNIA IMMIGRATION: U.S. immigration policy is drawing concerned attention. The Urban Institute (2100 M St. N. W., Wash. DC 20037; 202-760-8100) has a policy discussion series on immigration in California, where 25 percent of all foreign-born persons currently reside. Two titles are now out: "Recent Immigration to San Francisco: The Los Angeles Center for the Study of Immigrants in Labor Market Impact" (30 pages, $2.75); and "Mexican Immigration to Southern California: Issues of Job Competition and Worker Mobility" (28 pages, $2.75).

DEVELOPMENT PROFILES: The National Congress for Community Economic Development (2025 Eye St. N. W., #901, Wash. DC 20006; 202-659-8411) has published a 120-page Community Development Corporation Profile Book, with profiles on diverse and successful CDCs from throughout the country. Copies are $15.

DEVELOPMENT INFORMATION: LEDIS, for Local Economic Development Information Service, is a three-year-old monthly guide to local economic development initiatives in England, Scotland, Northern Ireland, and the European community. It is aimed at users with practical involvement in development work in the United States. Airmail subscriptions (for 12 issues) are $75, from The Planning Exchange, 186 Bath St., Glasgow G2 4HR, Scotland.

CLERICAL JOBS: The National Association of Working Women (2214 Huron Rd., Cleveland, OH 44115; 216-566-9388) has issued a report, "In The Clerical Work, Auto-
mation, and the Changing Economy," which shows that clerical work is beginning to decline instead of grow in some parts of the country and that this automation and a changing economy. Report copies are $8.

HEALTH COALITION: The National Association for Public Health Policy (220 Pheasant Way, South Burlington, VT 05401; 802-658-9000) is organizing a national coalition for a national health program to make health a right. The Association also publishes a quarterly, The Journal of Public Health Policy. Individual subscriptions are $35.

GROWTH MANAGEMENT: Networker Andrew Schifferlin has a comprehensive report, "Our City's Seven-Year-Old Growth Management Program in the February issue of Regional Exchange," the quarterly of People for Open Space, 512 Second St., San Francisco, CA 94107, 415-543-4291. The program has succeeded, the report says, because it had a popular base of support, it generated organized citizen action, and appealed to popular concerns.

PRESERVATION IMPACT: From Michael Monte (Community Alliance for Public Housing and Neighborhood Development, 437 E. 108 St., New York, NY 10029; 212-582-1991): We are seeking information (i.e., case studies and empirical data) on the bad effects that historic preservation districts have on low income residents. We are writing to the National Planning Commission to declare a large low income area to be an historic district. Please respond as soon as possible.

OFFICE CONDOS: A group of four New York nonprofits have joined forces to explore the feasibility of converting just north of SoHo and east of Washington Square Park, for what they say is the city's first office condominium developed exclusively for low incomes. The group is now seeking for more. Four Public Land, Interface, the Funding Exchange, and the Center for Constitutional Rights, Details: Trust for Public Land, 254 W. 31st St., New York, NY 10001, 212-563-5929.

MIDWEST CITIES: The Metropolitan Midwest: Policy Problems and Prospects for Change, edited by Networker Barry Checkoway and Carl V. Patton, is a review by 16 urban policy and planning scholars and practitioners of the country's urban-industrial heartland, with proposals for new directions which may be helpful to other regions. Copies are $24, from: Univ. of Illinois Press, 1605, U. of Hagerstown, MD 21740.

WINNIPEG PUBLICATIONS: The Institute of Urban Studies, Univ. of Winnipeg (515 Portage Ave., Winnipeg, Manitoba, Canada R3C 2W3), has issued its 16-page, full catalog of publications in print, featuring new publications and other titles in native studies, housing, conservation and urban history.

PN Special Feature

Getting Planing Out of the Kitchen: A Response

by Donna Dyer

I am encouraged by Pierre Clave's pre-determination of "unofficial financial institutions" have been unwilling to finance the private portion of the center, sending one developer hopes of its future. Another out-town developer is interested and has lost money, but suddenly the promised local equity funds cannot be raised. Elections for half the Council, including the most powerful of the progressive members, are in June 1985. My guess is that the new development community does not want this Council to receive credit for this major project, so they have effectively stopped it.

In Durham, there have been three differences from Clavey's analysis. First, our progressive politicians are very vulnerable to electoral defeats, their first major test coming this fall. Second, the business community is critical to the success of inner city development, a major issue here.

Durham, like most cities, has a core area in desperate need of rehabilitation, but while tremendous new development occurs just beyond the city limits away from the equity fund notion. We must rely on federal subsidies to out-of-town developers for any inner-city development. One of our Progressive City Council members has afforded to turn its back on the private sector, although their adversarial relationship now has contributed to the business community's reluctance to invest in inner-city projects.

I'm sure it's possible for progressives and developers to find their goals are not so contradictory as to prevent cooperation, but it just hasn't worked out here.

A third difference is the implication of planners. We operate under a city manager form of government, meaning the City Manager is my ultimate boss and the only one who wields power. As a direct result, fact, technicians, and the Council members are our policymakers.

Since the City Manager is a strong supporter of the development community (and since my job includes many daily dealings with developers and their interests as a planner are not served by open advertisement of my politics. Since my goal here is to make some long-term permanent changes in city economic development strategies, getting myself fired or pigeonholed as a result of strong political activity would not help me or the community.

I'm in much the same position as Council members. In order to keep my job secure, I must compromise some outdated laws and to accept new laws. I have the good fortune to be behind the scenes, offering technical ar-
gements and information to interest groups. If the result of the inaction is that the groups elected the City Council, their needs will be addressed rather than for-

Not as much fun as the cities described in Clavey's essay, but a significantly less frustrating situation than for the progressive planners who work for city governments.

My final concern is that Clavey's essay made capturing a city government the victory; in fact, the election of left politi-
cians is just beginning. The next step is operate a city government in a progressive way and not just a real battle.

In Durham, new progressive Council members are unfamiliar with how city runs, with what legal, and with how to be a Council member. Although most cities do need some new life in Council chambers, two problems arise: New progressive Coun-
ciles deliberate a long time on simple issues (5- to 8-hour Council meetings are not uncommon), and they must rely on their willingness to do more than they should.

Our Council did not replace the City Manager; one reason was that nobody "progressive" was trained and ready to

October 21, 1985, Planners Network #543
Passing the Word

MEMBER UPDATE: From PN Member Donna Black (Health Systems Agency of Northeastern New York, NY) (501220, 538-445-0279) I just received my MA from Goddard College in a subject area call Visionary Planning. In my Master's thesis, called "Visionary Planning: Funding New Tools for Transforming the Health Care System," I look at such issues as planetary change, power relationships, systems and networks as non-algorithmic models of organization, alternative time frames, artificial intelligence, and simultaneous models of time, and the creative ability of human consciousness. I would enjoy hearing from other PN members in any of these areas.

WATER RESOURCES: Troubled Waters: Financing Water in the West (by Rodney T. Smith, a 214-page guide to policies for financing water projects in a period when federal financing is in decline. It suggests alternate sources of funds, and proposes a greater role for state and local governments, by the first Quaker, former chairman of the Council of State Planning Agencies, 400 N. Capitol St. #291, Wash., DC 20001, 202-624-3536.

JERSEY CITY UPDATE: From Netzrock Rick Cohen, newly appointed Director of Housing and Economic Development. We have already established a 350-ton waste center, developed a jobs linkage program, are investigating the possibility of linking municipal deposits of funds to programmatic cooperation between city and state, and are pursuing a low-interest trust fund guidelines. These and other programmatic and policy efforts are receiving the Mayor's active and wholehearted support, despite the typical expected criticism of developers and bankers. I would be glad to supply planners Network with copies of these policy documents and other materials that we are developing as approaches and rationales for our new policy direction. Contact: Dept. of Housing and Economic Development, 26 Journal Sq., Jersey City, NJ 07306, 201-547-5071.

CALIFORNIA IMMIGRATION: U.S. immigration policy is drawing concern. The Urban Institute (2010 M St. N.W., Washington, DC 20009) has a policy discussion-paper series on immigration in California, where 25 percent of all foreign-born persons currently reside. Two titles are now out: "Reform: Immigrant Rights to Inclusion in California Labor Market Impacts" (30 pages, $2.75); and "Mexican Immigration to Southern California: Issues of Job Competition and Worker Mobility" (28 pages, $2.75).

DEVELOPMENT PROFILES: The National Congres for Community Economic Development (202 Eye St. N.W. #1001, Wash., DC 20006, 202-659-8411) has published a 120-page Community Development Corporation Profile Book, with profiles on diverse and successful CDCs from throughout the country. Copies are $15.

DEVELOPMENT INFORMATION: LEDIS, for Local Economic Development Information Service, is a three-year-old monthly guide to local economic development initiatives in entering the United States. Airmail subscriptions (for 12 issues) are $75, from: The Planning Exchange, 186 Bath St., Glasgow G2 4HR, Scotland.

CLERICAL JOBS: The National Association of Working Women (2214 Huron Rd., Cleveland, OH 44115, 216-566-8388) has issued a report, "Feminizing the Work Place: A Numerical Survey of Clerical Work, Automation, and the Changing Economy," which shows that clerical work is beginning to decline instead of grow in some parts of the country. This calls into question the potential for automation and a changing economy. Report copies are $8.

HEALTH COALITION: The National Association for Public Health Policy (23 Pheasant Way, South Burlington, VT 05401, 802-658-9300) is issuing a report, "Forming a public health coalition for a national health program to make health a right." The Association also publishes a quarterly, the Journal of Public Health Policy. Individual subscriptions are $35.

GROWTH MANAGEMENT: Netzrock Andrew Schiffer has a current report from Urban, CA, on the city's seven-year-old growth management program in the February issue of Regional Exchange, the quarterly of People for Open Space, 512 Second St., San Francisco, CA 94107, 415-543-2921. The program has succeeded, the report says, because it had a popular base of support, it generated organized citizen action, and appealed to popular concerns.

PRESERVATION IMPACT: From Michael Monte (Community Services Agency, 3200 S. 13th Street, South Omaha, NE 68108, and South Burlington, VT 05401, 802-658-9300); We're seeking information (i.e., case studies and empirical data) on the bad effects that historic preservation districts have on low-income housing. To both the Burlington Planning Commission desires to declare a large low-income area to be an historic district. Please respond as soon as possible.

OFFICE CONDOS: A group of four New York nonprofits have pooled their resources to produce a report called "Office Condos: A Game of Subsidies, Subsidized Housing, and the Law" (666 Grand Concourse at 137th St., just north of SoHo and east of Washington Square Park, for what they say is the city's first office condominium developed exclusively for the city's low-income tenants. A copy is available for mail delivery. The Bundle, Interface, the Funding Exchange, and the Center for Constitutional Rights, Details: Trust for Public Land, 254 W. 31st St., New York, NY 10001, 212-524-5939.

MIDWEST CITIES: The Metropolitan Midwest: Policy Problems and Prospects for Change, edited by Netzrock Barry Checkoway and Carl V. Patton, is a review of 16 urban policy and planning scholars and practitioners of the country's urban-industrial heartland, with proposals for new directions which may be helpful to other regions. Copies are $24, from: University of Illinois Press, 1560, Hagerstown, MD 21741.

WINNIPEG PUBLICATIONS: The Institute of Urban Studies, Univ. of Winnipeg (515 Portage Ave., Winnipeg, Manitoba, Canada) has issued its 16-page, full catalogue of publications in print, featuring new publications and other titles in native studies, housing, conservation, and urban history.

Getting Planning Out of the Kitchen: A Response

by Donna Dyer

I am encouraged by Pierre Clavel's pre- diction that the "progressive financial models that have been unwilling to finance the private portions of the center, sending one developer out of business. Another out-of-town developer is interested and has lots of money, but suddenly the promised local equity funds cannot be raised. Elections for half the Council, including the most powerful of the progressive members, are in our hands in 1985. My guess is that the public developer community does not want this Council to receive credit for this major project, so they have effectively stopped it. In Durham, then, we have three differences from Clavel's analysis. First, our progressive politicians are very vulnerable to electoral defeats, their first major test coming this fall. Second, the business community is critical to the success of inner city development, a major issue here. Durham, like most cities, has a core area in desperate need of rehabilitation, and while tremendous new development opportunity is just beyond the city limits away from the equity fund arrangements. We must rely on federal subsidies to out-of-town developers for any inner-city development. Our presumptive Council is now about to turn its back on the private sector, although their adversarial relationship now has contributed to the business community's reluctance to invest in inner-city projects.

I'm sure it's possible for progressives and developers to find their goals are not so diametrically opposed to progress, but it just hasn't worked out here. A third difference is the implication for planners. We operate under a city manager form of government, meaning the City Manager is my ultimate boss and the only person I report to. He is my boss. We try to do the best job we can, but in fact, technicians, and the Council members are our policymakers.

Since the City Manager is a strong supporter of the development community (and since my job includes many daily dealings with developers because their interests as a planner are not served by open advertisement of my politics. Since my goal here is to make some long-term permanent changes in city economic development strategies, getting myself fired or pigeonholed as a result of strong political activity would not help me or the community.

I'm in much the same position as Council members. In order to keep my job secure, I must compromise some outstanding beliefs. I am in the background behind the scenes, offering technical advice and information to interest groups. In this way, because the groups elected the City Council, their needs will be addressed rather than for others.

Not as much fun as the cities described in Clavel's essay, but a significantly less frustrating proposition than for the progressive planners who work for city governments.

My final concern is that Clavel's essay made capturing a city government the victory; in fact, the election of left politicians is just the beginning. We must go on to operate a city government in a progressive way. Only then can we win the real battle.

In Durham, the new progressive Council members are unfamiliar with how cities run, with what legal, and with how to be a City Council member. Although most cities do need new life in Council chambers, two problems arise: New progressive Council members delimiter a long time on simple issues (5- to 8-hour Council meetings are not uncommon), and they must rely on their colleagues (and more than they should). Our Council did not replace the City Manager; one reason was that nobody "progressive" was trained and ready to

202019, 851 Planners Network #543
They will depend on short-term political solutions rather than progressive planning solutions to the problems arising from growth and development. If these recent electoral victories by left politicians are to be sustained long enough to make real changes in how cities develop, progressives must get into the kitchens of city governments, and have dinner waiting for their political leaders when the elections are won.

Donna Dyer, a member of the PN Steering Committee, works for the Planning and Community Development Department of the City of Durham, North Carolina.

APARTHEID FILMS: The Alternative Media Information Center (208 W. 13th St., New York, NY 10011, 212/620-8477) has an exhauster directory of films on apartheid, with a special section on the South African region. Copies are $2.50.

HUD TENANTS' UPDATE: The National Housing Law Project (1950 Addison St., Berkeley, CA 94704, 415/548-9400) has published a 600-page 1985 Supplement to its original manual, HUD Housing Programs: Tenants' Rights, which was published in 1981. Topics include: new programs, rents, excess charges, maintenance, grievance procedures, and loss of units. Copies are $48.

HOUSING POLICY: A New Housing Policy for Labour is a 368-page book edited by the Fabian Society (11 Dartmouth St., London SW1H 9IN) which broadens our current debate on council tenants buying the home they live in to assuring the widest possible extension of choice in housing.

RURAL CHANGE: Six cases of rural change are studied in Growth Management in Countryside England: Six Perspectives, by J.C. Doherty. The 160-page book explores such issues as recreational-rural revival, farmland-small town suburbia, small-town residential and industrial employment, and rural-land recreational real estate. Copies are $7.95, from: Vert Milton Press, Box 332, Alexandria, VA 22313.

COOPER SQUARE 25TH: The Cooper Square Community Development Committee believes it is the oldest anti-displacement, grass-roots housing organization in the country. In 1985, we entered our 25th year. To commemorate 25 years of struggle, we produced a Silver Anniversary Journal, which summarized the year-by-year events of the five decades, the people, the speculators, and even internal squabbles. The result of this stubborn and persistent effort is a unique, attractive building for people of low and moderate income. At least one of the amenities bears listing—the inclusion in the project of five artworks, the result of years of work and selection, which will be an integral part of the building and the grounds. The journal copies are $5 from: Cooper Square Committee, 61 E. 4th St., New York, NY 10003.

DEVELOPMENT NEWSLETTER: Economic & Industrial Development News is a premium-priced, biweekly newsletter on government and private development activities around the country. A sample issue included reports from Wisconsin and Pennsylvania, and a survey of state-run business incubators. Subscriptions are $177, from: Economic & Industrial Develop-

ment News, 1112 South Carolina Ave. S.E., Wash, DC 20003, 202/546-8403.

REHAB NEWSLETTER: Cost Cuts is a monthly newsletter from the Rehab Work Group of the Enterprise Foundation (519 N. Charles St., Baltimore, MD 21201). It specializes in information on reducing costs in low-income housing construction and rehabilitation. A recent issue featured gusset-panel construction. No price listed.

INTERCULTURAL TRAINING: The International/Intercultural Center for the Built Environment (541 E. San Francisco St., Santa Fe, NM 87501, 505/988-5270) will begin in 1986 offering semester classes, summer courses, and professional short seminars on working with clients, users, and workers from different cultures and developing countries. Contact: PN Member David Stiea, Director, or Susan Guyette, Box 818, Mt. Baldy, CA 91760, 714/962-0729.

DUTCH HUSK RESEARCH: Henk Kok, a technical assistance provider to tenant-based housing in the Netherlands, is planning a two-month research trip to the United States in Spring 1986, and is looking for neighborhood-based contacts across the states. If you have habitat information, he is also interested in networking among Dutch and American community-based groups, and would be available for speaking opportunities. Contact: Henk Kok, Stichting Buwhouz, Postbus 2133, 5600 CC Eindhoven, The Netherlands.

CHURCH NETWORK: The Metropolitan Center for Resource and Advocacy (152 W. 66th St., New York, NY 10023, 212/873-7271) is a peace and justice effort supported by the Presbyterian and the Tri-State Conference and the Synod of the Northeast, Presbyterian Church (U.S.A.). It publishes a newsletter, Spotlights, which reports on church-related activities, and provides a calendar of upcoming events. Subscriptions are $5.

WOMEN/SETTLEMENTS NETWORK: PN Member Eitha Lee-Smith (Mazinah Institute, Box 14550, Nairobi, Kenya): Following the Women's Conference in Nairobi and the accompanying NGO Forum, there are plans to establish a global women's and the grounds. The journal copies are $5 from: Cooper Square Committee, 61 E. 4th St., New York, NY 10003.

RENT CONTROL, BERKELEY: From Dennis Keating (College of Urban Affairs, Cleveland St. Univ., Cleveland, OH 44115): a) The urging of PN members, the American Planning Association has joined in the defense of local rent control. (continued on page 3)
replaced. Although many people call themselves "progressive planners," not many of us work for city governments. Working for nonprofit corporations and teaching or researching in universities is meaningful planning work, but unless more of us are willing to try city planning departments, our new progressive leaders won't have the technical base to operate cities, and respond to neighborhood needs.

They will depend on short-term political solutions rather than progressive planning solutions to the problems arising from growth and development.

If these recent electoral victories by left politicians are to be sustained long enough to make real changes in how cities develop, progressives must get into the kitchens of city governments, and have dinner waiting for their political leaders when the elections are won.

Donna Dyer, a member of the PN Steering Committee, works for the Planning and Community Development Department of the City of Durham, North Carolina.

It specializes in information on reducing costs in low-income housing construction and rehabilitation. A recent issue featured gusset-panel construction. No price listed.

- INTERCULTURAL TRAINING: The International/Intercultural Center for the Built Environment (541 E. San Francisco St., #1, Santa Fe, NM 87501, 505/988-5270) will begin in 1986 offering semester classes, summer courses, and professional short seminars on working with clients, users, and workers from different cultures and developing countries. Contact: PN Member David Stea, Director, or Susan Guyette, Box 818, Mt. Baldy, CA 91790, 714/962-0729.

- DUTCH HUMAN RIGHTS RESEARCH: Henk Kok, a technical assistance provider to tenant-based housing in the Netherlands, is planning a two-month research trip to the United States in Spring 1986, and is looking for neighborhood-based contacts across the country. Growth Management in Countryside: Six Perspectives, by J.C. Doherty. The 160-page book explores such issues as recreational-rural revival, farmland-small town subsurbia, small-town residential and industrial employment, and ruralland-recreational real estate. Copies are $7.95, from: Vert Milan Press, Box 332, Alexandria, VA 22313.

- CHURCH NETWORK: The Metropolitan Center for Resource and Advocacy (152 W. 66th St., New York, NY 10023, 212/873-7271) is a peace and justice effort supported by the Presbyteries of the Tri-State Conference and the Synod of the Northeast, Presbyterian Church (USA). It publishes a newsletter, Spotlight, which reports on church-related activities, and provides a calendar of upcoming events. Subscriptions are $5.

- WOMEN/SETTLEMENTS NETWORK: PN Member Daena Lee-Smith (Mazinstra Institute, Box 14550, Nairobi, Kenya) Following the Women's Conference in Nairobi and the accompanying NGO Forum, there are plans to establish a global women and the grounds. The World Association of central European, bringing together coordinators of local, state, and federal agencies providing services and facilities; and various long-range planning and management. My interests: hiking, skiing, opera, computers, cooking.

Planners Network Membership Roster

Networks are listed in the Roster by state. Within states, listings are in Zip Code order; and within Zip Codes, are in alphabetical order. Information is current as of October 1985.

Alaska

Linda Snyder/Steven Kasfish
1130 E. Tudor Rd.
Anchorage, AK 99501

Sam Salkin
Alaska Commercial Company
1011 E. Tudor Rd.
Anchorage, AK 99503
907/561-2135

I am President of a 23-store general merchandising retail chain in rural Alaska. The company, which dates from 1967, has two shareholders: a for-profit holding company of an Alaskan, Native, non-profit CDC and an employee stock ownership trust. I am interested in issues of growth, democracy, planning in rural areas, and cooperatives.

Barbara Brown
2231-A E. 68th Ave.
Anchorage, AK 99507

Ellen Greenberg
Kawasaki Inc.
Box 948
Nome, AK 99762
907/443-7474

Regional Planner for an area with no regional government; establishing the Bering Straits regional strategy to act somewhat as a quasi-governmental body to promote economic development; encourage coordination among local, state, and federal agencies providing services and facilities; and oversee long-range planning and management.

Paul W. Buckwalter
St. Philip's in the Hills
Box 41028
Tacoma, WA 98517

Arkansas

Ralph Nesson
Economic Opportunity Agency
2325 N. Gregg St.
Fayetteville, AR 72701
501/321-1394

I am the executive director of a one-county community action agency in northwest Arkansas, vitally interested in community planning and development at the grassroots level, also interested in community economic development by and for low-middle-income people. I have initiated local school boards for impoverished single mothers throughout Arkansas, and would like to spread this practical concept to other states. Anyone interested?

Oakland, CA 94609
415-655-3578

I am an architect concerned with the provision of housing for low and moderate income households, and have recently completed a study for a non-profit community development corporation in East Oakland to investigate the potential for housing in the community. I have done research on indoor pollution in buildings, and on the effects of environment and site pollution on building occupants. This year I was elected Treasurer of the Northern California Chapter of Architects/Designers Planners for Social Responsibility (ADP SSR).

Center for Third World Organizing

Oakland, CA 94609

Robert R. Chastain
440 66th St.
Oakland, CA 94609

Kristina Elmstrom
S.F. League of Urban Gardeners
693 Alden #8
North Oakland, CA 94609
415-653-3451

I've been a community gardens organizer for four years, first in Ilheta, NY, and now in San Francisco. I began graduate school in Fall 1985, after realizing the importance of planning/policy issues in land preservation as community-controlled gardens/parks. I see these urban gardening projects as essential to the quality of life, as productive open space that feeds people, cleans up a neighborhood, gives a community power, toil, and brings people together.

Gary Fields
Oakland Plant Closures Project
472 41st Ave.
Oakland, CA 94609
415-428-0730

Currently, I'm earning a living as a plant closure analyst for the California Department of Commerce, Sacramento. My interests: national and regional economic development; technological and change management policies; role of defense spending in economic development; planning alternatives for plant closures; technology, economic change, and the labor movement.

Linda Gardner
569 63rd St.
Oakland, CA 94609

Maryann Leshin
Oakland Community Cmte. for Urban Renewal
464 44th St. #2
Oakland, CA 94609
415-655-9619

My work and interest involve the promotion of community involvement in a variety of local development, as well as general "civil" activities. OCCUR is under contract with the city of Oakland to facilitate citizen participation in community development, and also provides technical assistance to community-based organizations, initiates special projects and advocates on public many interest issues.

Peg Stone
518 66th St.
Oakland, CA 94609

Nathan Landau
876 Walker Ave. #1
Oakland, CA 94611
415-451-3221

I'm developing affordable housing programs for Berkeley, ranging from residential hotel preservation to limited equity cooperative/resident-controlled housing. We're struggling against gentrification in a rent-controlled, highly attractive city. Personal interests include dynamics of neighborhood/urban change, strategies for developing and institutionalizing progressive policies in bureaucracies.

Mike Pyatok
1078 Bella Vista
Oakland, CA 94609

Victor Rubin
523 Kemmore Ave.
Oakland, CA 94606

Philip Shaprio
766 Walker Ave.
Oakland, CA 94611
415-763-8566

My major research interests: economic development analysis and planning; and within this, questions of industrial restructuring and policy. I'm currently finishing a doctoral dissertation on plant shutdowns and policy responses in California.

Susan Bloch
4105 Montgomery #3
Oakland, CA 94611

I am a gray-bearded professor of planning and architecture, teaching and researching in housing, planning history, regionalism, and labor markets for environmental design professionals. I am also a grandfather, housewive, cook, and a left sympathizer.

4/5/PN Membership Roster/October 1985

October 1985/PN Membership Roster/5
As an independent planning and communication consultant, my work is primarily for local governments and nonprofits on neighborhood organization and development and citizen participation strategies. A current project is directing the public involvement elements of a comprehensive planning and regulatory revision project in Roanoke, Virginia. The project, Roanoke Vision, includes a series of "town meeting" forums, participatory workshops on planning and zoning issues, TV documentaries on issues, and citywide opinion surveys. Plan and zoning handbooks for citizens and training programs for planning commissioners will be part of the project results.

I work mainly by the state legislature, with some foundation funding. We draft state legislation, hold conferences and training sessions, and perform policy research, all on selected social policy issues. Most recently, we drafted a bill identified to many committees on a Housing and Home Residents Bill of Rights. It passed, and is the most progressive piece of legislation of its type in the U.S. I am interested in social change focusing on redistributive justice through state legislation, academia, and professional organizations (law, planning, social work).

Jeffrey Segal
2023 Connecticut Rd. #10
Louisville, KY 40206
502/584-1254

I am a senior attorney, Community Development
Unl. Legal Services program. Work
is with neighborhood/community groups and non-profit service and progressive activi-
group. We provide wide range of legal services, training, and technical assistance for organizational development. The focus is in community economic development. I am also member of the National Lawyers Guild interested in establishing dialogue among progres-
sive professional organizations.

Planning Dept.  
Town Hall  
Framingham, MA 01701  

617-620-4852  
I am Planning Director for the town of Framingham. We have a general planning department: zoning, transportation (road, bus, pedestrian), community development, housing rehab. Framingham is an affluent suburban community riding a high-tech and office boom. Our principal issues are neighborhood impacts and housing shortages. My personal interests are increasingly turning to planning issues at the opposite end of the spectrum—i.e., planning for the urban poor in developing countries and for displaced rural people.  

Brenda Low  
National Priorities Project  
306 Allen Rd.  
Belknap, NH 03220  

603-374-7917  
I am currently employed by the Cooperative Extension Service as an "Energy Circuit Rider" for rural municipalities in Western Massachusetts. Interests include: effect of federal budget on local economics and national priorities planning; participatory resource assessment; community economic development; energy: women’s issues; rural issues; and peace organizing.  

Tom Harden  
15 Lovejoy St.  
Easthampton, MA 01027  

Linda K. Thompson

Wayland, MA 01778  

617-653-5454  
I am a local housing authority. We have a tough battle to build public housing in a small, suburban town. Looking at other options: community housing trust, habitat for humanity, as Community Planning major, College of Public & Community Service, U-M; move Boston, starting bibliography and research on nontraditional housing and its feasibility. Ideas, anyone?

I am interested in a good- fashioned movement that demands billions of dollars from 2002 housing budget to build housing that is decent, affordable, and public. I am sick of creative finance schemes that push big bucks in development proposals for a few units of affordable housing and lots at market rate. I am interested in the implementation of health services, health services research, and relationships between health and development policy.  

Monica E. Friar  
11 Roxanne Ave, #2  
Jamaica Plain, MA 02130  

617-752-7410  
I am a self-employed consultant in economic development and organizational analysis. I have worked for the City of Boston, analyzing and assisting in formulating local policies pertaining to commercial, housing, and industrial development. I developed a plan for the residents of a public housing project and agencies concerned to deliver services, for the provision of health care, employment, recreation, arts and education for residents participated in the design and conduct of a qualitative and quantitative study of school of the arts. I am interested in the role of churches in human community development—and interested in development in the Third World—especially Latin America.

I am doing sabbatical research on strategies planners use when facing conflicts in local development processes. I am particularly concerned with issues of power, influence, information, negotiation, and planners' structural opportunities to make a (progressive) difference. I am based at MIT's Department of Urban Studies and Planning, and the Lincoln Institute of Land Policy.

Michael Lipsky
Dept. of Political Science
Mass. Inst. of Technology
Cambridge, MA 02139
617-253-2551
I teach courses on urban politics and public policy, and write on social welfare policy and service delivery. My current research interests include: hunger in the U.S. and American food policy; problems of non-profits and their involvement with government.

Emily J. Morris
37 Inman St.
Cambridge, MA 02139

Nancy Phillips
73 Tremont St.
Cambridge, MA 02139
617-482-6535
My salaried work is as a housing development consultant (with Grtn. Boston Cmty. Devel., Inc.) in community-based and other nonprofit organizations, working to create (or improve) housing for low- and moderate-income people. What I would like to do being more of is finding ways whereby low-income residents can have greater control over the management, decor, and, where possible, the form of the housing they live in. In my non-salaried life, I spend a fair amount of time attempting to counter what the U.S. government is doing to the peoples of Central America, largely as one of the editorial committee of the Boston-based Central America Report.

I am almost finished with my course work for the Master's Program at Michigan State University where I have lived in the Caribbean Islands of my life—especially in Jamaica and Barbados. My planning interest: Housing in developing countries—practical solutions despite scarce resources. My specific interests—the need for and existing facilities for people with special needs—the elderly and handicapped. I am trying to do my research so that it will not only be applicable to my region but also be useful in planning styles (approaches) in other developing nations. Help is needed with comparative research material, persons, or organizations that would be interested in or offer suggestions about methodology.

I recently completed 4 1/2 years in Bangladesh with UNICEF and the UN Centre for Human Settlements, beginning appropriate level urban planning projects with Government. I'm now starting similar work in the Congo and Gabon. I question current "band-aid" approach to Third World urban development as preached by First World universities and international organizations.

Human SERVE, founded by Richard Cloward and Frances Fox Piven, and with Hubert James chairing the Board, is an advocacy group working for fundamental change in the way Americans register to vote. Field staff in four states and two-person national staff work to get private and public health and welfare, jobs, housing, and other social service agencies to sign up their clients to vote; also lobbies for easing voter registration laws, working eventually toward a Canadian-British model in which the election authorities reach out to sign up every eligible citizen, rather than requiring citizens to surmount paperwork and bureaucracy to register themselves.

Austin, TX 78705
The image contains a scanned document with text about various individuals and their contributions to different fields. The text is too fragmented and lengthy to be accurately transcribed into a coherent and readable form. It appears to include entries for people named Anna Lee, Marco S. Hunter, Gary D. Blankenship, and others, each associated with different contributions or contributions to various fields. The text also includes references to Oregon, Rhode Island, and Texas, with mentions of universities, engineering, and political advocacy. The text is fragmented and difficult to interpret without proper formatting and context.

I am concerned in the impacts of land-use related public policies and actions on low income and minority groups, i.e., the role of government action in creating or reinforcing patterns of racial segregation—in schools, voting, services. Currently, I am studying the impact of restrictive zoning change on access by the elderly to residential care facilities in Miami Beach, Florida.

I teach planning 1-2 time at the Univ. of New Hampshire here in Armidale. Also, I work with the Rural Development Centre, directing a study into rural local government finance. The rest of my time is spent on our alternative publishing company, and working/researching on local self-reliance and food policy.

I am a hiatus from planning work, while I finish a law degree at UC Berkeley. Next May, I will be looking to work with a small law firm that does land use and environmental law. Or, I may look for opportunities with a planning firm that needs a planner with some legal experience. Or, I may go back to working for a city, although after four years with the San Francisco Planning Department I’m ready to work with cities, and not necessarily for them. Any ideas are welcome.

Jenifer Wolfe
215 Hollister S.E.
Grand Rapids, MI 49506

Call for Social Responsibility in the Planning and Building Professions

The built and natural environments are threatened today by the actions of human beings and their governments as they have never been jeopardized before. Efforts to build a secure, humane, and healthy environment are threatened by nuclear and conventional arms proliferation, exploitative foreign policies, and distorted public spending priorities. The need for constructive action is upon us.

As planning and building professionals and community workers, we face a moral choice: Do we continue to remain quiet about these destructive public policies and actions, or do we join together to speak against them?

As citizens specially informed about the environment and actions shaping the built and natural world, we have a key role to play in helping to influence public opinion and the actions of our leaders. In addition, our professional associations can influence what happens to our world today by speaking out on the public policy issues which affect most closely the work their members are engaged in day by day.

We frequently not only condone but also contribute to planning and implementing such policies. We plan, design, and build buildings that displace people and destroy neighborhoods. We plan and build housing and whole communities which exclude those with physical disabilities. We promote housing whose effect will be high rents, segregated neighborhoods, sexist patterns of living, conformity and elitism. We draft civil defense evacuation plans that cannot provide true protection against a nuclear attack and yet impart a false sense of security which engenders complacency among the citizenry and leads to their reluctance to work for measures that truly will protect our lives and communities.

We design programs in health care, transportation, economic development, and environmental protection which we know will not work, arguing that we are at least mitigating an evil, without pressing for those policies which could actually deal with that evil effectively.

It is for this reason that the Planners Network issues a call for our professional associations to engage in serious discussion of these issues and to adopt and publicize this or similar statements on behalf of their members.

A Statement of Concern

We believe that socially responsible individuals and organizations working in our fields should speak out on the following concerns and objectives:

1. Nuclear Weapons: The threat of nuclear war is the greatest threat to humankind that ever has existed. Deterrence beyond the point of annihilation will not benefit either East or West; further military build-up on our part increases, rather than decreases, the potential for war. A total freeze on the development, testing, production, and dispersal of nuclear weapons should be adopted by our country immediately. In addition, provocative first-strike weapons development, such as the MX missile system, the B-1 bomber, nuclear gas production, and the deployment of additional missiles in Europe, should be halted, as should the first step in a long-term process of dismantling the war machine all over the world.

2. Public Spending Policies: The spiraling cost of further military build-up, whether nuclear or conventional, weakens our ability to develop the greatest social, economic, health, and cultural assets of our society, and the handicapped suffer most from the burdens imposed by the shift from domestic social programs to military spending, all of us suffer as needed community health, education, housing, and community development, affirmative action to benefit minorities and women, and development programs for independent living and community design.

4. Domestic Policies: At home, our governments enact and implement urban, rural, and environmental policies that aggravate the problems of the disadvantaged, minorities, and the disabled, and divert resources from meeting their needs and the needs of the communities in which they live. Funds for housing are cut, governments and public agencies displace and encourage the displacement of people from their long-term residences, destroying working-class communities for the benefit of the well-to-do and contributing to the economically displaced. The abdication by government of responsibility for progressive policies of environmental, economic, educational, and political development for independent living and community design.

5. Universal Access to Health Care: With the pious but clearly unrealistic hope that private interests will take over what the public sector has abandoned, pushing our society back 50 years, destroying generations of slow but real social progress. Government and private citizens and their organizations must take the lead in creatively and constructively dealing with the debilitating problems of drug abuse and the crime it generates, excessive health care costs, racial discrimination, impoverishment of female-headed households, long-term unemployment and underemployment, and the dislocation of economic activity and communities.

This call has been initiated by the Planners Network, a national organization of urban and rural planners, organizers, and academics. It is being disseminated as broadly as possible within our profession—through our regional, state, and local branches of the American Planning Association, landscape architecture, engineering, historic preservation, environmentalist, and other related organizations—and to academic departments and programs in the professional fields around the country.

We call on all these groups to circulate the statement to their members, print it in their publications, devote regular or special meetings to discussing it, organize forums and debates on these issues, and schedule sessions on these topics at annual conferences.

The Planners Network (1901 Que St, NW, Wash. DC 20009, 202/234-9382) would like to be kept informed of any action taken on or response to this call. If we receive reports on what our document has triggered, we will endeavor to communicate periodically to the groups receiving the original statement.

The Planners Network

The Planners Network is an association of professionals, activists, academics, and students involved in physical, social, economic, and environmental planning in urban and rural areas, who promote fundamental change in our political and economic system.

We believe that planning should be a tool for allocating resources and developing the environment to eliminate the great inequalities of wealth and power in our society, rather than to maintain and justify the status quo. We believe that planning should be used to assure adequate food, clothing, shelter, medical care, jobs, safe working conditions, and a healthy environment. We advocate public responsibility for meeting these needs, because the private market has proven incapable of doing so.

We oppose the economic structure of our society, which values profit and property rights over human rights and needs. This system perpetuates the inequalities of class, race, sex and age which distort human relationships and limit the potential for a decent quality of life. We advocate a shift in current national budgetary priorities to favor human services, social production and environmental protection over military and other nonproductive expenditures.

We work to be an effective political and social force, working with other progressive organizations to inform public opinion and public policy and to provide assistance to those seeking to understand, control, and change the forces which affect their lives.

The Planners Network Newsletter is published six times a year as the principal medium of communication among Network members. Annual financial contributions are voluntary, but we need funds for operating expenses. The Steering Committee has recommended the following amounts as minimums for Network members: $10 for students and temporarily unemployed; graduated payments for the employed of $20 plus an additional $1 for each $1,000 earned above $10,000.

Members of the Steering Committee: Chester Hartman, DC; Chair; Emily Achtenberg, Boston; Eve Bach, Berkeley; Bob Beauregard, New Brunswick, NJ; Donna Dyer, Durham, NC; William Goldsmith, Ithaca; Charles Hoch, Chicago; Joelle Kim, Tempe; Judy Koenig, Buffalo; Jacqueline Leavitt, LA; Peter Marcuse, NYC; Jackie Pope, NYC; Alan Rubinowitz, Seattle; Tony Schuman, NYC; Andre Tremoulet, Roanoke.

Newsletter Editor: Prentice Bowsher.

Enclosed is my check payable to the Planners Network for $ .

Please check here if this is a new membership.

Please check here (current members only) if this is an address change, and write your former zip code .

Quá trình này không chỉ giúp cho chúng tôi đạt được những mục tiêu kinh doanh mà còn đóng góp vào sự phát triển chung của xã hội. Chúng tôi cam kết sẽ tiếp tục nỗ lực để đảm bảo sự phát triển bền vững và có trách nhiệm của các dự án xây dựng và cải tạo.
Passing the Word
continued from page 4

Berkeley landlords, joined and supported by their state and national counterparts, as well as developers and conservative business groups, mounted a legal attack against Berkeley’s rent control law adopted by initiative in 1980 and now implemented by an elected board. Landlords claimed that local rent control, without state authorization, amounts to an illegal price-fixing conspiracy between tenants and their elected representatives.

In December 1984, the California Supreme Court rejected this unlikely theory; but in May 1985, the U.S. Supreme Court agreed to review the decision. The APA filed a joint amicus brief with state and local government organizations in support of Berkeley in September. Berkeley’s defense is partially based upon its state-mandated obligation to provide equal housing opportunities through the planning process. The Court will probably hear the case this fall, and render its decision in 1986. It marks its first review of rent control since 1948.

The APA’s decision to file its supportive brief is an indication that active participation of APA members in the APA’s affairs is taking progressive positions on controversial issues like rent control. The case citation, for those of you more legally inclined: Fisher v. City of Berkeley, 37 Cal. 3d (1984); U.S. Supreme Court Docket No. 84-1538, cert. granted, 53 U.S. Law Week 3834 (May 29, 1985).

- URBAN FILMS: The Cinema Guild (1697 Broadway, New York, NY 10019. 212-246-5523) continues to add new titles to its collection of films and video on urban issues. The features are for sale or rent. Among the new acquisitions: Squatters, on housing in abandoned buildings in Philadelphia; The Heart of Lisbona, on former East Side tenants in buildings abandoned by their owners; and Los Sures, on Hispanics in Brooklyn’s Williamsburg neighborhood. Prices vary; a catalogue is available.

- SOCIAL JUSTICE QUARTERLY: Connexions (427 Bloor St. W., Toronto, Ontario M5S (X7). 416/960-3903) is a social justice and change quarterly featuring summary descriptions/reviews of new information resources, organizations, and projects. It recently added the Planners Network to its exchange list. Individual subscriptions are $10.

Social Responsibility

- ADPSR UPDATE: As you may remember from previous issues, PN is an organizational member of Architects/Designers/Planners for Social Responsibility. PN Chair Chester Hartman and member Kathryn Kasch of Boston sit on the ADPSR Executive Committee, which met most recently on October 5 in Cambridge.

- Recent activities and actions:
  - There are now active chapters in New York (212/334-8104), Boston (617/688-4200), northern California (415/526-7217), southern California (213/829-3482), Chicago (312/649-0899), and Washington, D.C. (703/860-8262); and less active chapters in Phoenix (602/274-2462), Seattle (206/632-2189), Tucson (602/624-3316), Philadelphia (215) 386-1270, and New Jersey (609/924-4047). Total paid membership is about 700. There will be a big, national membership drive on November 11. Contact locales for further information.
  - A very impressive Board of Advisors is in place, with all kinds of hotshots from the World of Architecture as well as lesser amounts of lesser lights from planning, landscape architecture, and related fields.

- The group has joined the Professionals Alliance for Nuclear Arms Control (a DC-based organization that has as its other members the Union of Concerned Scientists, Physicians for Social Responsibility, and Lawyers Alliance for Nuclear Arms Control).

- Chapter activities include helping with ballot initiatives on homeexporting of nuclear battleships; designing and placing posters for buses and subways linking arms expenditure to social needs; designing and building “peace parks”; disseminating tapes, films and other resources; events at local, regional, and national conventions of professional associations; producing and distributing decals/stickers saying “not designed to withstand nuclear blast”; working on economic conversion plans; international work, especially with counterparts in the USSR and China; curriculum work at planning and design schools around the country; and peace issues.

ADPSR has grown nicely in the year it’s been in existence, with some impressive energy by lots of people. It’s been mainly a “A,” rather than “D” or “F,” and it would be good to get some more planners involved. If you want more information, want to join, want to start a local chapter, contact your local chapter chair or the national office (225 Lafayette St., New York, NY 10012, 212/431-3746), or Chester Hartman at PN.

On Our Organization

- PN AT THE ACSPL: Planners Network will hold an information and planning meeting on October 31 at 5 p.m. at the Association of Collegiate Schools of Planning Conference in Atlanta. All Networkers, and those wishing to join, are encouraged to attend. At that meeting, we will discuss a social gathering to be arranged for November 2 after the ACSPL business meeting, and talk about other ways PN might make its presence known. If you have any suggestions or ideas, please contact Bob Bearegard (201/932-3822).

Upcoming Conferences

- NEIGHBORHOOD COALITION: The National Neighborhood Coalition (20 F St. N.W., Wash, DC 20001, 202/628-9600) will hold a conference November 24-26 in Washington, D.C., on the theme, "Looking Back to the Future: A Working Conference on Poverty and Neighborhood Action." The format includes speakers, workshops, and plenaries. Registration is $75.

- EUROPEAN GRES’: The Graduate School of Architecture and Urban Planning at UCLA (Los Angeles, Calif., 90024) is planning a conference April 17-19 in Los Angeles to learn more about the European Greens’ political experience, and to launch an active debate on the possibilities for a new environmental/industrial policies for the United States and southern California. Direct inquiries to Bob Gottlieb, 213/825-3791.

- MULTI-FAMILY FINANCING: The Northwest Center for Professional Education (1355 Bell Rd., Bellevue, WA 98009) is sponsoring a series of two-day workshops on public and private financing sources for multi-family housing projects. The dates and places: Chicago, October 28-29; Washington, D.C., November 18-19; Tampa, December 9-10. Registration is $395.

October 21, 1985/Planners Network #54/5
DOWNTOWN REVITALIZATION: The National Trust for Historic Preservation (1783 Massachusetts Ave. N.W., Wash. DC 20036) is sponsoring a workshop on downtown revitalization December 3-5 in Orlando. The program will focus on the Trust's popular and successful Main Street approach of organization, promotion, design, and economic restructuring. Registration is $165.

HOUSING VIDEO/FILM: Sheltorore, the Media Network, and others are sponsoring the first National Housing Film and Video Festival November 21-22 in New York. The format includes international workshops, seminars, and workshops. Additional information and registration details: Media Network, 208 W. 13th St., New York, NY 10011, 212-620-0877.

HERITAGE CONSERVATION: The Conservation Foundation (1717 Massachusetts Ave. N.W., Wash. DC 20036, 202-797-4300) is a principal cosponsor of the International Workshop on Heritage Conservation to be held March 16-20 in Jerusalem, Israel. Much of the focus will be on Jerusalem's experience with its historic and religious sites. Registration is $250 before December 30, $280 afterwards. Details: Phyllis Myers, The Conservation Foundation.

COMMUNITY-BASED DEVELOPMENT: The National Congress for Community Economic Development (2025 Eye St. N.W. #001, Wash. DC 20006) and the National Trust for Historic Preservation are presenting a conference March 18-19 in Washington, D.C. on "Building Community through Community Development." Details: Jane Fish, NCCED, 202-357-2800.

CAROLINA PLANNING: a student-run magazine at the University of North Carolina, Chapel Hill, is soliciting articles for its winter and summer issues, especially on development, democracy and social policy, and housing. Details: Laura B. Bache or Stacey Ponticello, Chapel Hill, NC 27514, (919) 962-5204.

ISSUES IN IRAN: The Center for Iranian Research and Analysis (CIERA) and Policy Development, Rutgers Univ., New Brunswick, NJ 08903, 201-932-3532) is seeking papers for an April 5-6 conference in New Brunswick on "Islam and the Political Arena." Topics may include political, economic, social, political, and cultural, and other aspects of contemporary Iran, and their implications for Iran and the region. Abstract deadline is December 15.

PUBLIC POLICY: The Democratic Policy Commission (499 S. Capitol St. #422, Wash. DC 20003, 202/863-1626) is seeking paper proposals on a range of public policy issues for consideration (and possible publication) in a final report on national problems and opportunities. Details: Papers should address current policies and also propose alternative policies. Submission deadline is January 15. Details: Ron Nieberg.

HOUSING STUDIES: a new quarterly from the University of Bristol in England, is seeking articles on a broad range of housing issues from researchers in universities, government agencies, and in private practice. Among its editors are CN Chair Chest Hartman and Steering Committee member Peter Marcuse. Details: Alan Murie, School for Advanced Urban Studies, Univ. of Bristol, Rodney Lodge, Grange Road, Bristol BS8 4EA, England.

URBAN STUDIES: From Next week to Joehl Kim (Arizona State Univ., Dept. of Planning, Tempe, AZ 85287) have been designated as the section coordinator of the urban studies section for the Western Association of Next week's meeting in Reno, Nev., on March 23-26. I would appreciate it if you would forward this information to all of the participants to ensure that it is reaches the conference organizers, and that all the participants have the opportunity to attend.

PLANNING PERSPECTIVES: From Next week to Joehl Kim (Arizona State Univ., Dept. of Planning, Tempe, AZ 85287) the fourth regional conference on New Perspectives on Planning is going to be held in Calgary, Canada. The preparation is under way as this moment, and we are receiving any suggestions for the keynote speaker, and panel details. Since it will probably take place in March, 1987, we have some time before making any firm commitment. Please let me know if you have any exciting suggestions or burning issues to be discussed in that conference.

THE POOR v. THE PUBLIC: I am organizing a panel for the Spring of 1986 American Planning Association conference in Los Angeles (Monday, March 17) on "Reproducing Inequity: The Ongoing Role of Planning." I would like to put together a four-person panel that could discuss current planning policies and practices, and which illustrates the vulnerability of minority and low-income groups to some of the most pressing social, cultural, and economic issues facing our society.

LEWIS MUMFORD: The New Jersey Institute of Technology sponsored a series of events October 14-17 commemorating the 90th birthday of critic and historian Lewis Mumford. Details: PN Member Stanley B. Winters, Dept. of Humanities, New Jersey Institute of Technology, Newark, NJ 07102.

SCHUMACHER LECTURES: The E.F. Schumacher Society (Box 76, R.D. 3, Great Barrington, MA 01230, 413/529-3737) presented Frances Moore Lappe and John Todd in a public affairs forum October 19 at the John F. Kennedy School of Government in Boston on "The Politics of Third World Development."

BOB ETCHA: DEADLINE: The deadline for submission of papers for the December 7-9 conference is December 30. We will review all of the proposals and have selected approximately 50 papers for presentation. Details:隱含的preference.

DECEMBER PDN DEADLINE: The deadline for submission of papers for the December 7-9 conference is December 30. We will review all of the proposals and have selected approximately 50 papers for presentation. Details:隱含的preference.

LEWIS MUMFORD: The New Jersey Institute of Technology sponsored a series of events October 14-17 commemorating the 90th birthday of critic and historian Lewis Mumford. Details: PN Member Stanley B. Winters, Dept. of Humanities, New Jersey Institute of Technology, Newark, NJ 07102.

SCHUMACHER LECTURES: The E.F. Schumacher Society (Box 76, R.D. 3, Great Barrington, MA 01230, 413/529-3737) presented Frances Moore Lappe and John Todd in a public affairs forum October 19 at the John F. Kennedy School of Government in Boston on "The Politics of Third World Development."

Ecteresa: DEADLINE: The deadline for submission of papers for the December 7-9 conference is December 30. We will review all of the proposals and have selected approximately 50 papers for presentation. Details:隱含的preference.

Much of the focus will be Jerusalem's experience with its historic and religious sites. Registration is $250 before December 30, $280 afterwards. Details: Phyllis Myers, The Conservation Foundation.

COMMUNITY-BASED DEVELOPMENT: The National Congress for Community Economic Development (2025 Eye St. N.W. 7001, Wash. DC 20006) and the National Trust for Historic Preservation are presenting two, two-day workshops on using historic preservation techniques for community-based real estate development. Presenters, some of them PN Members, will review technical steps and examine case studies. The dates and places: November 4-5, Cleveland; November 7-8, Hartford. Registration is $95.

Calls for Papers

CAROLINA PLANNING: a student-run magazine at the University of North Carolina, Chapel Hill, is soliciting articles for its winter and summer issues, especially on development, land use, and planning topics. The deadline is December 15.

ISSUES IN IRAN: The Center for Iranian Research and Analysis (700 15th St. N.W.) and the Iranian Resource Project, Rutgers Univ., New Brunswick, NJ 08903, 201/963-5352) is seeking papers for an April 2-4 conference in New Brunswick on "Iran and the United States." Topics may include economic, social, political, cultural, and other aspects of contemporary Iran, and their implications for Iran and the United States. The deadline is May 15.

PUBLIC POLICY: The Democratic Policy Commission (409 S. Capitol St. N.W., Wash. DC 20001, 202/863-8626), an arm of the Democratic National Committee, is seeking papers on a range of public policy issues for consideration (and possible publication) in a final report on national problems and opportunities. Details: papers should address consequences of current policies as well as propose alternative policies. Submission deadline is January 15. Details: Ron Nieberg.

HOUSING STUDIES: a new quarterly from the University of Bristol in England is seeking articles on a broad range of housing issues from around the world. Among its advisors are PN Chair Chester Hartman and Steering Committee member Peter Marcuse. Details: Alan Muris, School for Advanced Urban Studies, Univ. of Bristol, Rodney Lodge, Grange Road, Bristol BS8 4EA, England.

URBAN STUDIES: From Nextwork Joohol Kim (Arizona State Univ., Dept. of Planning, Tempe, AZ 85287) has been designated as the executive coordinator of the urban studies section of a Midwest Geography Association annual meeting in Reno, Nev., on April 23-26. I would appreciate it if you would let me know if you would be interested in presenting a paper, or any other related points. I believe it will be important for many networkers to participate in this annual conference. Suggestions must reach me before November 30.

PLANNING PERSPECTIVES: From Nextwork Joohol Kim (Arizona State Univ., Dept. of Planning, Tempe, AZ 85287) the fourth regional conference on New Perspectives on Planning is going to be in Calgary, Canada. The preparation is under way at this moment, and we are welcoming any suggestions for a keynote speaker, and panel ideas. Since it will probably take place in March, 1987, we have some time before making any firm commitment. Please let me know if you have any exciting suggestions or burning issues to be discussed in that conference.

THE POOR v. THE PUBLIC: I am organizing a panel for the Spring of 1986 American Planning Association Conference in Los Angeles (Monday evening). The theme is "Reproducing Inequality: The Ongoing Role of Planning." I would like to put together four papers which discuss typical current planning policies and practices, and which illustrate the sacrifice of minorities and low-income groups to some ostensible higher public interest. Topps might include: historic preservation, environmental protection, water resources allocation, promotion of tourism, economic development (enterprise zones). Papers should emphasize the inequitable relationship between public and private action. Please contact Yaki Rabin, Div. of Urban and Env. Planning, School of Architecture, Univ. of Virginia, Charlottesville, VA 22903, 924-456.

Jobs

EXECUTIVE DIRECTOR: Citizens' Research Education Network, a community-based organization in Hartford, Conn., that provides research and organizing assistance to community groups, is seeking an executive director. Salary: high school, low twenties. Deadline: November 15. Apply to: CREN, 32 Elm St., Hartford, CT 06106, 203/249-1416.

EMPLOYMENT SPECIALIST: Working in the newly created Office of Economic Development in the City Manager's office in Berkeley on developing programs to increase the hiring of disadvantaged people, in cooperation with the conventional private sector and alternative forms of enterprises (cooperatives, non-profits, etc.). Initial responsibility includes creation of first-source hiring programs, creating links between job-training programs and other aspects of economic development, and the like. Will work with Neil Mayer, a Network member and Director of the office. Salary: up to $18,000. Must be trained in urban development generally. Write: Neil S. Mayer, c/o City Manager's Office, Berkeley City Hall, 2180 Milvia St., Berkeley, CA 94704.

PLANNING INTERN: The Maryland-National Capital Park and Planning Commission (877 Georgia Ave., Silver Spring, MD 20907) has an opening for an urban planning intern, available two days a week, for a variety of assignments, including research for a master plan for the communities of Kensington-Wheaton. Contact: Patrick H. Hare.

EXECUTIVE DIRECTOR: The Ann Arbor Community Development Corporation is looking for an experienced executive director to assume a leadership role in CDC activities, including job creation in a low-income community. Contact: Networker Lowell Peterson, 1594 Jones Dr., Ann Arbor, MI 48105, 313/663-9069. Salary is $16,000.

Ex Conferences

LEWIS MUMFORD: The New Jersey Institute of Technology sponsored a series of events October 14-17 commemorating the 90th birthday of critic and historian Lewis Mumford. Details: PN Member Stanley B. Winters, Dept. of Humanities, New Jersey Institute of Technology, Newark, NJ 07102.

SCHUMACHER LECTURES: The E.F. Schumacher Society (Box 76, RD 3, Grafton, MA 01230, 413/528-1737) presented Frances Moore Lappe and John Todd in a public affairs forum October 19 at the John F. Kennedy School of Government in Boston on "The Politics of Third World Development."

Et cetera

DECEMBER PN DEADLINE: The arrival deadline for copy for the December Planners Network is Monday, December 2. As ever, we look forward to hearing from as many of you as possible. Our thanks always to those who take the time to type their notes. It's a great help in production, and it reduces our chances of missing what you write. Arrival deadline for #55 copy: Monday, December 2.

LOST SOULS: We seem to be doing better on lost souls for the moment, but we still have a few. We're always optimistic that they really meant to stay in touch, so we list them here for your help in re-establishing contact. Please let us know if you have an address for any of our wandering networkers.

William Allen. Pacific Palisades
Ed Gramlich, Washington, DC
Gail Monahan, Dorchester, MA
Laura Chase, Los Angeles
Nevin Cohen, Berkeley
Martin Pressman, Lafayette, LA

TALK UP PN: Don't be shy about sharing news of the Planners Network with others. Let them know about us. Probably the best outreach we have is when you educate and recruit your friends, co-workers, acquaintances, and others. We have a good, one-page introductory sheet, "The Planners Network—What It Is," which we can send you in any quantity you wish. "What It Is" includes a statement of our principles, a brief organizational history, a list of Steering Committee members (who also don't have any addresses), and the method for calculating contributions. If you wish, you can also send us a list of prospective Networkers, and we will contact them for you.

PERSONAL UPDATES: There are a number of short communications in this issue from Network members, letting us know about new jobs, projects, what's happening in their lives, etc. We encourage this. Sharing this kind of "where-I-am" information helps create a sense of community, provide contact, generate support, and generally act like the network we strive to be.

ADDRESS CHANGES: Many Networkers seem to move around a lot. When you do, please let us have your old address and zip code as well as your new ones. Names (like luggage) sometimes are identical, and we want to be sure we change the right address card. Moreover, our cards are maintained in zip code order (because that's the way the Post Office wants the mail), so we don't have your old zip code, we can't find your old card; and we wind up paying postage for phantom recipients. So please help out and send both old and new addresses.

"CALL" STATEMENT: We have a one-page, broadside version of the "Call for Social Responsibility in the Planning and Building Profession," which we will send you on request. It makes a good addition in recruiting members to "The Planners Network—What It Is."
