

PLANNERS NETWORK

#65—August 24, 1987

1901 QUE STREET, NW

WASHINGTON, DC 20009

(202) 234-9382

PN ROSTER: In this issue, you will find our 1987 Planners Network Membership Roster, with wonderfully descriptive—sometimes intriguing—biosketch profiles for 30 percent of the entries. They make for great reading; we hope you agree.

As we have before, we have listed people by state; within states, by zipcode; and within zipcodes, alphabetically. It may not be the most logical system, but it's all we can do with our fairly primitive roster/ mailing list technology, without a great deal more work.

So: Please use the Roster well. It's main utility (apart from casual browsing) is in finding people who are doing work similar to yours, and in making direct individual contact—i.e., establishing your own mini-network. It's also a nice guide to contacts when you're traveling.

A Progressive Housing Program for America is the just-released product of the Institute for Policy Studies' Working Group on Housing—which includes lots of Pners (Michael Stone, Emily Achtenberg, Peter Marcuse, Peter Dreier, Jackie Leavitt, Rich Appelbaum, John Atlas, Florence Roisman, Joel Rubenzahl, Chester Hartman). The 66-page document is available for \$4 (check made out to IPS) from Chester Hartman, IPS, 1901 Que St. N.W., Wash. DC 20009.

FINANCIAL MINI-REPORT: Since the June newsletter, 61 Networkers have contributed \$1,578, for which we are deeply

grateful. Our thanks to each of you. Remember: The Roster is a substantial additional expense. If you like it, one way of saying so could be a special additional contribution.

Passing the Word

DEVELOPMENT STRATEGIES: *States and Communities: The Challenge for Economic Action (Vol. II)* is a 193-page report on state initiatives in community economic development. Copies are \$20, from: National Congress for Community Economic Development, 1612 K St. N.W. #510, Wash. DC 20006, 202/659-8411.

WORKPLACE HEALTH: *The Future of Work and Health: Implications for Health Strategies* examines emerging trends in work and health, and identifies the potential of future health strategies in the workplace. The report was sponsored by the Dept. of Health and Human Services in collaboration with the Institute for Alternative Futures (1405 King St., Alexandria, VA 22314, 703/684-5880). Copies are for sale from the Institute.

GIRAFFE PROJECT: From Eleanore Kay (635-0 Ave. Sevilla, Laguna Hills, CA 92653): The Giraffe Project (45 W.

The Planners Network

The Planners Network is an association of professionals, activists, academics, and students involved in physical, social, economic, and environmental planning in urban and rural areas, who promote fundamental change in our political and economic system.

We believe that planning should be a tool for allocating resources and developing the environment to eliminate the great inequalities of wealth and power in our society, rather than to maintain and justify the status quo. We believe that planning should be used to assure adequate food, clothing, shelter, medical care, jobs, safe working conditions, and a healthful environment. We advocate public responsibility for meeting these needs, because the private market has proven incapable of doing so.

We oppose the economic structure of our society, which values profit and property rights over human rights and needs. This system perpetuates the inequalities of class, race, sex and age which distort human relationships and limit the potential for a decent quality of life. We advocate a shift in current national budgetary priorities to favor human services, social production and environmental protection over military and other nonproductive expenditures.

We seek to be an effective political and social force, working with other progressive organizations to inform public opinion and public policy and to provide assistance to those seeking to understand, control, and change the forces which affect their lives.

The Planners Network Newsletter is published six times a year as the principal means of communication among Network members. Annual financial contributions are voluntary, but we need funds for operating expenses. The Steering Committee has recommended the following amounts as minimums for Network members: \$15 for

students and unemployed; graduated payments for the employed of \$25 plus \$1 for each \$1,000 earned above \$10,000.

Members of the Steering Committee: Chester Hartman, DC, Chair; Emily Achtenberg, Boston; Eve Bach, Berkeley; Bob Beauregard, New Brunswick, NJ; Donna Dyer, Durham, NC; William Goldsmith, Ithaca; Charles Hoch, Chicago; Joochul Kim, Tempe; Judy Kossy, Buffalo; Jacqueline Leavitt, LA; Peter Marcuse, NYC; Jackie Pope, NYC; Alan Rabinowitz, Seattle; Tony Schuman, NYC; Andree Tremoulet, Pittsfield.

Newsletter Editor: Prentice Bowsher.

Enclosed is my check payable to the Planners Network for \$ _____

Please check here if this is a new membership.

Please check here (current members only) if this is an address change, and write your former zip code _____

Name: _____

Address: _____

Planners Network • 1901 Que Street NW
Washington, D.C. 20009

45th St. #402, New York, NY 10036, 800/344-8255) is a national organization providing the media with news of "giraffes": people willing to stick out their necks for the common good. The group also publishes a newsletter.

□ PNER APPOINTMENT: Networker Jon Pynoos (Andrus Gerontology Center, Univ. of Southern California, Los Angeles, CA 90089, 213/743-6060) has been appointed to the United Parcel Service Professorship at the Center.

□ RESEARCH DIRECTORY: *International Directory of Environment-Behavior-Design Researchers*, by Thomas E. Saarinen and James L. Sell, lists some 3,000 researchers from 66 countries involved in research on people's attitudes, behavior, values and needs as they relate to design or policy for environments of all different scales. Copies are \$17.50 (payable to the Univ. of Arizona) from: E-D-B Directory, Dept. of Geography, Harvill Box 2, Univ. of Arizona, Tucson, AZ 85721.

□ ELDERLY HOUSING/TRANSIT: *Designing, Locating and Financing Housing and Transportation Services for Low-Income, Elderly, and Disabled Persons*, by Networker John Gilderbloom, Mark Rosentraub, and Robert Bullard, reports on interviews with more than 1,640 Houston residents on their housing and transportation needs. Copies are \$25, from: Center for Public Policy, Univ. of Houston, Houston, TX 77004.

□ PLANNING EDUCATION: From PNER Paul Niebanck (Kerr Hall #407, Univ. of California, Santa Cruz, CA 95064): I'm beginning a book on planning education. Please send me references to teaching innovation, planning approaches in academic fields other than traditional planning programs, bibliographical references, and especially any opinions and perspectives of your own.

□ CHICAGO'S 'EL': From Networker John Wengler (Woodlawn CDC, 6040 S. Harper Ave., Chicago, IL 60637): The community development corporation for which I work is confounded by a problem. Situated on Chicago's southside, "Woodlawn" is the ninth-poorest of the city's 77 community areas, and is primarily residential. Through its heart runs an elevated rapid-transit line that is noisy, ugly, and considered unsafe. Unlike other neighborhoods, the "El" in Woodlawn runs straight down the commercial strip, as opposed to down an alley. How do we revitalize this commercial strip? We cannot tear the El down; the City is committed to rebuild it for political reasons. Help!

□ HOMELESSNESS BRIEFING: The National Coalition for the Homeless (105 E. 22nd St., New York, NY 10010, 212/460-8110) has completed a 28-page briefing paper for presidential candidates, *Homelessness in the United States: Background and Federal Response*.

□ RENTAL HOUSING: *At Risk of Loss: The Endangered Future of Low-Income Rental Housing Resources*, by Phillip L. Clay, is a 52-page report on threatened subsidized rental units, with recommendations for action by federal, state, and local government, and by community-based organizations. Copies are available from: Neighborhood Reinvestment Corp., 1325 G St. N.W. #800, Wash. DC 20005, 202/376-2400.

□ SHARING EXPERIENCE: From PNER John Forester (219 W. Sibley, Cornell Univ., Ithaca, NY 14853): I'm interested in

collecting short and instructive practice-examples from PN members who are willing to share their experience with students: What political situations have PN members dealt with skillfully? What have PN members learned about the daily politics of their work that they didn't know when they began planning? What lessons from daily practice can filter back to the schools, to political planning theories? Let's make examples of progressive practice, no matter how small the case, available to students, or cynicism will rule us all. PN members: Please send me stories. In exchange, I'll make other members' stories available to anyone who sends one in.

□ HOUSING BILL: The Planners Network was among a group of national, regional, and local organizations from across the country joining the National Neighborhood Coalition (20 F. St. N.W., Wash. DC 20001, 202/628-9600) in a sign-on letter urging Congressional approval of a housing authorization bill. The House and Senate have approved different versions, and final action is awaited on a compromise.

□ HOUSING NEWSLETTER: *Housing and Urban Development Exchange* is a new quarterly newsletter from the National Urban Coalition, 1120 G St. N.W. #900, Wash. DC 20005, 202/628-2990.

□ GUIDE TO CONGRESS: The National Tenants' Organization (4819 E. Capitol St. S.E., Wash. DC 20019) has prepared a *Tenants' Guide to the Congressional Process*. Copies are \$1.

□ AFFORDABLE HOUSING: ACORN (522 8th St. S.E., Wash. DC 20003, 202/547-9292) has prepared a six-page fact sheet on national, state, and local responses to upcoming expiration of use-restrictions on low-income rental housing.

□ ILLINOIS HOUSING: The Statewide Housing Action Coalition (53 W. Jackson #815, Chicago, IL 60604, 312/663-3936) is an 18-month-old advocacy organization of Illinois community organizations and agencies in support of affordable housing throughout the state. A number of Pners are involved.

□ T/A IN PITTSBURGH: The Pittsburgh Architects Workshop Inc. (237 Oakland Ave., Pittsburgh, PA 15213, 412/682-6360) provides design and planning assistance to community-based organizations in the Pittsburgh area. Its *Growth Report: 1984-85-86* reviews projects, and provides application information.

□ ARGENTINA REPORT: From PN Member Alejandro Rofman (CUER, 2835 Corrientes Ave. 7th Flr., 1193 Buenos Aires, Argentina): I would be pleased to send free of charge a recent research report about socio-economic effects on a less developed region in Argentina during the military regime. The book emphasizes the impact on poor peasants and workers of the area. The only cost is \$6 for Post Office stamps. Please send me a check. Thank you very much.

□ DISPLACEMENT IN TORONTO: Simon Associates (92 Shaftesbury Ave., Toronto, Ontario M4T 1A5, Canada) is working on a social analysis of a highrise, low-income neighborhood in downtown Toronto. The area is slated for a major rehabilitation effort, and the City has asked our firm to examine ways of minimizing tenant displacement. Any examples of successful or unsuccessful attempts to avoid displacement of low-income tenants would be very much appreciated. Send to the

(continued on page 3)

Get 'Em While They're Young

by Charles Clark

The one book I remember in incredible detail from childhood is Mike Mulligan and His Steam Shovel. Perhaps it even has had an impact on what I have done in the planning field. And my two-and-a-half-year-old son adores The Little House, even crying at the sad parts. So I was delighted to come across this essay in a sister publication, and thank my wife, Amy Fine, for bringing it to my attention and suggesting we use it in PN.

— Chester Hartman

Are preservationists born or made?

The question hits home because I am a rookie parent. And when I take my daughter Elizabeth on that pilgrimage to the old neighborhood, and find myself reduced to telling her about my favorite five-and-dime—now an exit ramp and Econo Lodge—I intend to pass on some enduring notions of just who the good guys are.

I've come up with a theory: Whether you belong to the posse that's intent on fending barbarians off the heritage, or whether you acquire a taste for the wrecking ball depends on whether you grow up with the books of Virginia Lee Burton.

Admittedly, Burton's titles—*The Little House*, *Maybelle the Cable Car*, *Mike Mulligan and His Steam Shovel*—lack the wide propaganda reach of, say, *Quotations From Chairman Mao*. But there is mischievous power in the work of this master children's author whose books have sold millions around the world since they were first published in the 1930s. In the preservationist's arsenal, Burton's books are an underused secret weapon.

In *The Little House*, Burton's main character is a building with a personality, a friend. The house is curious to explore the new city popping up around her. As day becomes night and the seasons cycle by, she gradually becomes surrounded by sky-

scrapers, freeways and elevated trains. Her field of daisies is destroyed; she can no longer admire the moon and stars. She is rescued only when she is removed from her foundation and trucked back to the countryside. In these few disarming pages, the historical experience of unchecked urbanization can be grasped by a six-year-old.

Burton didn't stop there. In *Maybelle the Cable Car*, a smiling urban-transit vehicle joins forces with San Francisco's "Save the Cable Cars" committee to battle the city fathers who worship economic progress. Preservation values triumph, while the reader enjoys a child's-level lesson in cable-car mechanics.

Still anthropomorphic in *Mike Mulligan and His Steam Shovel*, Burton coupled her character Mike Mulligan with a steam shovel named Mary Anne. Their livelihood threatened by modern gasoline and electric shovels, they triumph by proving to the cheering people of Popperville that they can dig a cellar for the new

PN Special Feature

In its Special Feature, *Planners Network* presents thoughtful, provocative writings about substantive concerns and issues in the planning professions. Essays typically highlight a single issue, and illuminate it with examples and insights.

The Special Feature editor is Bob Beauregard (Dept. of Urban Planning, Rutgers Univ., New Brunswick, NJ 08903, 201/932-4053; 932-3822).

We are grateful for Networkers' support of this feature, and encourage continued ideas, suggestions, commentary, and dialogue.

town hall in just a day. Mike and Mary Anne take a triumphant bow, charmingly unaware that they neglected to get the steam shovel out. A boy suggests that they covert Mary Anne to a furnace. Presto! The threat of unfamiliar technology and the worker's fear of obsolescence are resolved in a textbook example of adaptive use.

True, the triumph of old-time intimacy over the march of impersonal change may be a fantasy. But sometimes we must suspend a little disbelief to assure that preservationism gets into the bloodstream.

Burton won the Caldecott Medal for *The Little House* in 1943. She told interviewers that the goal of the book was to represent the sweep of social history in terms that a child could understand. When a critic commented Burton's message was that the further we move from nature and the simple life, the less happy we become, Burton didn't disagree. But nowhere in her engaging drawings or in the sweet, bedtime rhythms of her prose will you find even a hint of lecturing or preaching.

The secret of Burton's books is that they play on our emotions, returning us to that precious world of childhood, where objects and surroundings are extensions of loved ones. It is truly a cunning technique.

Ours is an age of steady progress. You see it in drive-through safari theme parks and in the forced-air leaf blowers that have invaded the suburbs. But no developer, no technology, can compete in a child's mind with a house who feels homesick.

The battle for young minds starts early. For the next child born in your neighborhood, why not send over, not an erector set, but a copy of *The Little House*? The beauty is that developers will think the book is harmless.

Reprinted with permission from the July/August 1987 issue of Historic Preservation, the official publication of the National Trust for Historic Preservation.

Passing the Word

(continued from page 2)

attention of Networker Barbara Sanford.

□ HUD GUIDES: *Housing Rehabilitation: Programs, Techniques, and Resources* is a resource guide to recent literature. *Affordable Housing: A Selected Resource Guide* cites

literature on design, financing, and case studies. *Housing Rehabilitation* is \$5; no price listed for *Affordable Housing*. Contact: HUD User, Box 280, Germantown, MD 20874, 800/425-2691.

□ PHILADELPHIA YOUTH: *Health Status and Health Care of Children in Philadelphia* is a 38-page report from the Philadelphia Health Management Corp. (260 S. Broad St.,

Philadelphia, PA 19102, 215/985-2500) on the health of children in Philadelphia and how they use the health care system. Copies are \$16 from PHMC.

□ **MINIMUM WAGE:** *No Escape: The Minimum Wage and Poverty*, by Isaac Shapiro, is a 20-page report from the Center on Budget and Policy Priorities (236 Massachusetts Ave. N.E. #305, Wash. DC 20002, 202/544-0591) comparing minimum wage income and poverty levels. Copies are \$4.

□ **MUMFORD TRIBUTE:** Networker Stanley B. Winters (New Jersey Institute of Technology, Newark, NJ 07102) has free offprints of a six-page report on a 1985 tribute to Lewis Mumford at the New Jersey Institute of Technology. The report first appeared in *Technology and Culture* for January 1987 (Vol. 28, No. 1). The report is titled, "The Achievement of Lewis Mumford—New Jersey Institute of Technology, Newark, October 14-17, 1985."

□ **THIRD WORLD WOMEN:** The Third World Women's Project (Institute for Policy Studies, 1901 Que St. N.W., Wash. DC 20009, 202/234-9382) has arranged three speakers for Fall tours: Elvia Alvarado Galo, a Honduran peasant woman who works as an organizer for the National Federation of Rural Workers in Honduras; Zenaida Velasquez, founder and president of the Committee of the Families of the Disappeared/Detained in Honduras; and Hei Soo Shin, a South Korean woman who worked for more than six years on women's issues in South Korea. Contact the Project to arrange details.

□ **NICARAGUA HOUSING:** From Networker Jay Jurie (Dept. of Public Service Administration, Univ. of Central Florida, Orlando, FL 32816): Recently I returned from a month-long stay in Nicaragua. One of the highlights of my trip was a visit to the Architects and Planners in Support of Nicaragua (APSNICA) project at Mamonal, near Matagalpa. Located in an extremely rural setting, the brigade workers are at some risk due to contra activity. The courage, dedication, and sacrifices of these APSNICA brigadistas deserve commendation. Under difficult circumstances, high quality housing and water systems are being built in an effort to build, rather than destroy, Nicaragua.

We should do what we can to assist this effort. If you can offer financial, professional, or other support, contact: APSNICA, Box 1151, Topanga, CA 90290, 213/455-1340.

□ **MILITARY SPENDING:** The Center for Economic Conversion (222-C View St., Mountain View, CA 94041, 415/968-8798) has prepared a list of its technical assistance services and a model ordinance developed in support of local campaigns on the impact of military spending in communities. A tabloid, *Plowshare*, is published quarterly; subscriptions are \$25. Contact: Michael Closson, Director.

□ **COMMUNITY CHANGE** is a new quarterly newsletter from the Center for Community Change (1000 Wisconsin Ave. N.W., Wash. DC 20007, 202/342-0519), replacing the group's earlier *Monitor* publication. A recent issue included articles on community reinvestment, the new tax law, fundraising, and organizational development. Subscriptions are \$20.

□ **WELFARE REFORM:** The Food Research and Action Center (1319 F St. N.W. #500, Wash. DC 20004, 202/393-5060) has prepared a 12-page publication, *Welfare Report: Statement*

of Principles, which has been used in organizing a coalition of more than 100 religious, welfare, and citizens' groups in opposition to the Reagan Administration's welfare reform approach. No price listed.

□ **MAINE GRASSROOTS:** *This Time* is a tabloid quarterly from Homeworkers Organized for More Employment (Orlando, ME 04472). A recent 16-page issue reported on how the elderly were cared for in the past, and how they are cared for today. HOME Inc. is a multi-faceted organization involved in economic reconstruction and social rehabilitation through an array of programs. *This Time* subscriptions are \$5.

□ **NEW BOOK SERIES:** John Logan (Sociology) and Todd Swanstrom (Political Science) from SUNY-Albany have been named co-editors of a new book series by Temple University Press. Called "Conflicts in Urban and Regional Development," the series seeks to publish manuscripts that examine how social and political forces shape urban development and determine who wins and who loses from the outcomes. Conflicts could include environmental issues as well as urban development; case studies and comparative case studies are encouraged, including examples from outside the United States. Manuscripts are sought from a wide variety of geography, history, anthropology, and economics. What is important is that authors examine land use conflicts from a nontechnical point of view that is sensitive to the distributive implications. If interested, call John (518/442-4656) or Todd (518/442-5276).

□ **POST-REAGAN AMERICA** is a collection of essays by Archibald L. Gillies, Jeff Faux, Jerry W. Sanders, Sherle R. Schwenninger, and Paul F. Walker, which sets forth both a political vision and a practical agenda to rejuvenate U.S. economic health and to reshape the nation's international role. Copies are \$10, from World Policy Institute, 777 United Nations Plaza, New York, NY 10017.

□ **INFORMATION REQUEST:** From Frederick Lynn (Meriden Community Action Agency, 178 State St., Meriden, CT 06450): As Housing Services Coordinator for the Meriden Community Action Agency, I need literature and other publications that deal with tenant issues and housing-related issues, such as community-based housing development corporations.

□ **LODGING REQUEST:** From Networker Theresa Kilbane (October 6th Coalition, 601 W. 168th St. #51, New York, NY 10032, 212/927-4814): A coalition of community, tenant and solidarity organizations has come together in response to a request from our Latin American counterparts, the Continental Front of Communal Organizations, to organize a series of events around the International Year of Shelter for the Homeless. A caravan of representatives from the Continental Front will pass through San Antonio, New Orleans, Atlanta, Washington, St. Louis, and Chicago in late September to arrive in New York shortly before the day designated by the UN to remember those living without shelter or adequate services throughout the world. We are looking for lodging and contacts in each of the cities.

□ **FAIR HOUSING REPORT:** *A Report on Population and Race: Estimates of Racial Composition for Cuyahoga County and Select Outlying Communities, 1980-1985* is a report from the Cuyahoga Plan (690 The Arcade, Cleveland, OH 44114, 216/621-4525) which shows a discernable and long-awaited trend toward

Planners Network Membership Roster

Networkers are listed in the Roster by state. Within states, listings are in Zip Code order; and within Zip Codes, are in alphabetical order. Information is current as of August 1987.

Alabama

Joanna Ware
1205 N. 25th St.
Birmingham, AL 35234

Alaska

Sam Salkin
Alaska Commercial Company
1011 E. Tudor Rd. #120
Anchorage, AK 99503
907/561-2135

I continue to work as President and chief executive officer for this remote rural retail chain of 22 stores. The past fiscal year has been one of remarkable turnaround in the face of a depressed Alaska economy. The company is owned by a native-controlled community development corporation (67%) and a cooperatively structured employee stock ownership plan (33%).

Barbara Brown
Anchorage Transit System
3220 Wolcott Circle
Anchorage, AK 99507
907/561-6025

I am Manager of Operations and Maintenance for Anchorage's 79-bus, 100-driver public transit system. We have developed performance and incentive standards which are enormously successful in overtime, accident, and absence-reduction—all done jointly with the Teamster and Machinist locals.

Arizona

Joe Murphy
Box 17439
Phoenix, AZ 85015

Elizabeth P. Harris
1418 S. Stanley Pl. #4
Tempe, AZ 85281

Joochul Kim
Planning Dept.
Arizona St. Univ.
Tempe, AZ 85287

Bradford Castalia
Idaeim Studio/Graphic Studios
712 N. Seventh Ave.
Tucson, AZ 85705

Paul W. Buckwalter
St. Philip's in the Hills
Box 41028
Tucson, AZ 85717
602/299-6421

During the 1970s and early 1980s I worked as a lead organizer in a community organization in Cincinnati, and adjunct professor in community planning at the UC Graduate Department of Planning. I was also a community developer for the Penobscot Indians in Old Town, ME. Presently, I am on staff in a large urban parish working on homeless issues and border issues (refugees and the Sanctuary movement).

Arkansas

Stella M. Capek
Dept. of Sociology
Hendrix College
Conway, AR 72032
501/450-1308

I am an assistant professor, teaching urban/community sociology, images of the city, social change, social problems, political economy, gender and family. My research interests include building agendas for progressive cities, grassroots community initiatives, housing rights, environmental policy. My dissertation, "Urban Progressive Movements: The Case of Santa Monica," was done at the Univ. of Texas at Austin in 1985.

Margaret Bessette
1619 Garland
N. Little Rock, AR 72116
501/771-1481

I am a graduate student at the Univ. of Michigan (Ann Arbor) in economic and community development. My interests include

neighborhood development, citizen participation, worker ownership, and women's issues. I will complete my Master's degree in December and am looking for full-time employment. I plan to return in 2-3 years to complete a Ph.D.

Ralph H. Nesson
Economic Opportunity Agency
2325 N. Gregg Ave.
Fayetteville, AR 72703
501/521-1394

I am executive director of a community action agency in northwest Arkansas. In addition to a major concern for the oppression of impoverished single mothers and their children, I am involved in a community improvement/development project in a low-income neighborhood of Fayetteville, population 40,000.

California

William Allen
4955 Elmwood Ave.
Los Angeles, CA 90004

Jennifer N.M. Coile
3400 San Marino St.
Los Angeles, CA 90006
213/385-7663

I'm currently administering a program to partially finance LA subway construction through assessments on benefitting property owners. I reside in a housing cooperative. My interests/concerns: world peace, women and planning, quality of life and the workplace/family policy, performance art/parades e.g. Doo Dah.

Ruth Galanter
Los Angeles City Council
City Hall, #336
Los Angeles, CA 90012

I was elected to the LA City Council in June on a platform of environmental conservation and "thoughtful growth." I defeated an 18-year, development-oriented incumbent thanks to efforts of an extraordinary coalition of neighborhood-based groups from very diverse neighborhoods. I will be working on ways to tie development to environmental and infrastruc-

ture capacity, and strengthen citizen involvement in government.

Andy Raubeson
SRO Housing Corp.
311 S. Spring St. #1110
Los Angeles, CA 90013
213/229-9640

Our corporation acquires, renovates, and manages single-room occupancy hotels in Los Angeles' Skid Row for very-low-income persons and for homeless persons referred by Los Angeles County social services.

Anita Landecker
Local Initiatives Support Corp.
523 W. Sixth St. #200
Los Angeles, CA 90014
213/624-2995

Susan Wirka
1542 S. Curson Ave.
Los Angeles, CA 90019

Anne Fredricks
10651 Ohio Ave.
Los Angeles, CA 90024

John Friedmann
School of Architecture/Planning
Univ. of California
Los Angeles, CA 90024
213/825-4781

My current work focuses on people's life spaces and how people defend themselves against encroachments by market forces and the state. Major themes are collective self-empowerment, the economics of survival, household strategies, and political action. My research area is primarily Latin America.

Derek Shearer
Urban Studies
Occidental College
Los Angeles, CA 90041
213/259-2539

I teach public policy courses, including courses on urban planning, urban economics, and politics. I write frequently for the op-ed pages of the *Los Angeles Times* on current affairs. I am completing a paper on urban policy for the 1990s to be published in the late fall by the Economic Policy Institute in Washington, D.C. I used to be a planning commissioner in Santa Monica and involved in local politics, but I am now focusing my time and work on national politics and policy.

I am the coordinator of the graduate program in city planning at SDSU, in which I teach courses on history, site planning and urban design. I try to use my classes to teach students about the political implications of city planning and the importance of becoming politically involved. I am now in the process of shifting the focus of my work from "city planning" toward housing and community development. There are enough liberals, and conservatives, interested in growth controls, urban design or canyon preservation.

Urban growth and development, with special focus on rental housing markets. Recent books include *Rethinking Rental Housing* (with John Gilderbloom, Temple Univ. Press), which looks at how housing markets really operate, including institutional constraints on free market operation, the social organization of landlordism, the effects of rent control and the tenants' movement, and policy implications. I am also part of IPS' task force on housing policy, having co-directed the drafting of a Comprehensive National Housing Program. I regularly consult to state and local governments and private organizations concerning housing, rent control, and homelessness.

OCCUR plays many roles: public interest advocate, technical assistance provider and facilitator of citizen participation for the City of Oakland's CDBG program. My time is divided between providing staff support to a housing coalition called Oakland Housing Organizations, varied technical assistance to community-based organizations, and producing a series of "Neighborhood Profiles" depicting Oakland's seven community development districts. The housing work has involved various issues such as rent protections, loss of Section 8 units, maintaining housing in redevelopment project areas. OCCUR has also drafted a Community Equity Participation policy (linked development) and is trying to get the City to adopt it.

Greg Hise
253 Wayne Ave.
Oakland, CA 94606
415/834-7417

Architectural licensing exam studies have limited my time for housing interests and participation in local council elections, but my return to academia will provide time for these concerns, and to focus research on industrial environments and bordertowns. I will be contacting Networkers as this progresses.

371 Greenwich Ave.
New Haven, CT 06519
203/397-2432

I'm working at small-scale architecture, streetscape design for historic towns, infill housing, historic preservation, renovation, and (hopefully) ethical landlordism of some historic houses. I'm still combining work and children, and thinking about getting into teaching urban design, architectural history, and form of the built/natural environment, design for historic contexts, etc. in the next few years.

I have spent the past 20 years working in South Asia, East Africa and the Middle East (last since 1975), principally as a technical advisor and project manager. Projects have ranged from village rice mills to metropolitan plans for cities in the 5-million population range. I have been intermittently active with PEO and PN during three or four years in the States during the 20 years. In June, I changed my career to community development in the United States, and intend to apply lessons learned in the third world. Any ideas and suggestions are welcome and necessary.

301/764-7906

I am working to develop alternative food systems, and improve the climate for low-input, regionally-based agriculture. My special interests are in food and agriculture policy, ecological planning and stewardship, "home-grown" economic models, and regeneration. I would like to hear from like minds interested in developing urban and rural approaches.

Promoting community-land trusts as a means of achieving greater access to land and housing with security, equity and legacy for all; an institution of stewardship rather than ownership with a corresponding change in consciousness; preservation of farmland, wetlands, wildlands, open space, historic heritage; and a greater sense of community. Integrating a "bioregional ethic" into planning.

Linda Strong
Town of South Hadley
116 Main St.
South Hadley, MA 01075
413/538-5011

I am the first town planner in South Hadley, a residential town of 17,000, home of Mt. Holyoke College. Having always lived in the Pacific Northwest, I am struggling to understand the Town Meeting system of government, and attempting to deal with the housing affordability problem in Massachusetts. One drawback to my job: I too often talk to myself, as a staff of one, and would welcome contact from other western Mass. planners.

Troy West
Troy West Architect
60-64 Union St.
Newark, NJ 07105
201/589-3973

I am an architect working on alternative housing types: battered women's shelter, artist's housing, single-parent housing. I am also a planner working on bike ways, urban green spaces, a sculptor developing 1½-acre sculpture park in Wakefield, R.I.; co-chair, Architects/Designers/Planners for Social Responsibility N.Y. Chapter Schools Committee; and planning and designing for the homeless.

Fairlawn, NJ 07410
201/797-1539

I am employed at Goldman, Sachs & Co. as supervisor of the architectural draftspeople for their in-house facilities staff. To offset the corporate image, I have been working with a designer, Herb Solomon, in designing and supplying working drawings for storefronts in Brooklyn under various CD block grants. In addition, I became a registered architect as of October 1986.

201/932-3532

I have a Ph.D. from Cornell in 1982 in City and Regional Planning. I'm currently Assistant Professor and Director of Middle Eastern Studies at Rutgers. I'm also Executive Secretary of the Center for Iranian Research and Analysis. Publications include *Post-Revolutionary Iran* (ed.) by Westview Press, 1987 and several articles in referred journals. I'm interested in third world national and regional planning, urban and regional economics, and political economy. I teach four courses at Rutgers including Third World Regional Development, and Theories and Techniques of Regional Planning.

Bob Beauregard
Dept. of Urban Planning
Rutgers Univ.
New Brunswick, NJ 08903
201/932-3822

I am professor of urban planning, teaching urban redevelopment, urban economic development and planning theory; researching urban building activity, postwar spatial transformations and urban decline; and working with PN, DSA (local issues), and a local coalition opposing indirect displacement caused by gentrification. I live in Philadelphia.

Susan S. Fainstein
Dept. of Urban Planning
Rutgers Univ.
New Brunswick, NJ 08903
201/932-3822

I teach planning theory, housing policy, and urban political economy to graduate students in urban planning. My research interests center on the possibilities of social improvement through citizen pressure and state action. Currently I am working on the history of spatial transformation in New York City.

Frank Popper
Urban Studies Dept.
Rutgers Univ.
New Brunswick, NJ 08903
201/932-4009

I chair the Urban Studies Department at Rutgers University, where I also teach urban planning and geography. I specialize, both as an academic and as a consultant, in land use, environmental, and regional development is-

sues. I am working on a book on locally unwanted land uses (LULUs), a term I coined.

I am an architect/urban planner who spent five years in Italy and 10 years in New York working on various rehabilitation programs from tenant and community management of city-owned housing to a nonprofit bank using city pension funds to finance responsible private for- and nonprofit development of low- and moderate-income housing. I am also a community advocate who believes that advocates owe it to their constituencies to be as knowledgeable and skilled as possible, and who believes city government should be capable of delivering something better than adequate services. I'm co-coordinator of New York's Network/Forum which took a needed sabbatical this year.

Yonkers, NY 10701

Grace Braley
Yonkers Fair Housing Office
53 S. Broadway
Yonkers, NY 10701
914/423-7300

The Yonkers Fair Housing Office has the usual responsibilities of promoting fair housing, but additionally, it manages an Affordable Housing Trust Fund, comprised, by Federal District Court order, of 25 percent of the City's

Community Development Block Grants and responsible to Community Development regulations. This amounts to about \$4 million over five years. All housing leveraged with this resource is to go into non-target areas of Yonkers. It would be helpful to see resources and models relevant to this situation.

I have been working for several years with a number of Legal Service programs to challenge the utility allowances given to tenants by HUD and public housing authorities. These are often quite inadequate and cause considerable tenant stress. I have also been working with a group of faculty at SUNY/Buffalo to form a Center for the Prevention of Nuclear War. Over 100 faculty have personally pledged \$100 each to help start the Center. Finally, I am engaged in work on public infrastructure, and my book, *Public Infrastructure Planning and Management*, will be published by Sage in Fall 1987.

Lawrence G. Flood
United University Professions
292 Norwood Ave.
Buffalo, NY 14222
716/878-5732

I teach political science at Buffalo State College; Presidential Assistant for Economic Development for United University Professions (the union which represents academic and professional staff in the state university). Active in community coalitions. Interested in projects relating unions to progressive economic development in industrial cities and regions.

Judith Kossy
Western New York Economic Dvlpmnt. Corp.
10 Argyle Park
Buffalo, NY 14222
716/856-8111

I am working in the field of economic development. Three specific areas of interest are modernizing western New York's mature industries, creating networks of small manufacturing firms, supporting women in business. Generally we are developing a strategy for growth.

Robert S. Curtis

Current research for EDA and with Southern Growth Policies Board concerns industrial and enterprise-size restructuring of metropolitan centers and rural peripheries. My students continue offering complimentary appraisals of local economies during each spring semester. Of the 100 inquiries from local officials, students completed 20 appraisals for such places as Lake County, IN (Gary), Lynchburg, VA, (Falwell); and North Delta Planning and Development District Counties, MS (Clarksdale). PN members who wish to sponsor a student appraisal of their local economy should drop a note to me sometime before November 1987.

We teach sociology, but consider ourselves freelance writers. Our major concern in the last five years has been homelessness. Causes always return to housing, but basic need is income. We must provide non-workfare jobs so people can pay for rent, food, receive health benefits, etc. Thus our present concern is a full employment policy. We have a 3,000-word article on this topic forthcoming in *Christian Century*.

Three current projects: the importance of ideology in social movements, an historical/current critique of "non-ideological" organizing; Houston in the 20th century, with a focus on social movement formation; origins/development of community organizing in western Europe.

John I. Gilderbloom
Dept. of Sociology
Univ. of Houston
Houston, TX 77004
713/749-4976

Our book *Rethinking Rental Housing*, co-authored with Richard Appelbaum, has just been released by Temple Univ. Press. The book has three major parts: an analysis of the current rental housing crisis; a critique of the conventional economic explanation to rising rents and a development of a sociological explanation of rising rents; and a critique of policy responses to combat this crisis and a proposed "third system" community housing program. During the past year, I have brought in over \$150,000 to study important planning issues: renters' movements in the United States, and housing for disabled and elderly persons. These research projects represent a new direction in my research interests. SUNY has given me a contract to write a book, *Tenants' Movement and American Democracy*, with Stella Capek, which is slated for release in 1988.

Research and policy analysis of long-range planning and land use issues.

Linda Hollis
Tischler & Associates Inc.
5631 Leesburg Pike
Falls Church, VA 22041
703/578-0777

It has been my privilege to serve on the American Planning Association's Board of Directors with Norman Krumholz, and to work with him to popularize the idea of economic conversion planning. I am currently Chair of APA's Nat'l.-State Policy Coordinating Committee, and co-author with Marsha Ritzdorf of APA's policy on child care.

Charles Pill
2608 N. 24th St.
Arlington, VA 22207

After completing my MRP (UNC-CH), I am working with Planning and Development Collaborative International on urban land issues in developing countries. PADCO provides assistance and training for urban planning and settlement issues at local, national, public and private levels. I am involved in the utility of microcomputers for urban planning functions in developing countries. I would appreciate comparing tales with PNers.

613/564-3536

I'm looking for successful ways of accommodating small households into existing houses in established neighborhoods, when zoning inflexibility and community concern act as blocks. I'm also looking for housing projection models that take into consideration household size, composition, income and tenure. I have available Ottawa experiences to date with neighborhood intensification: background research and proposals for citywide long-term policy in 11 subject areas as well. I am presently working with a team of people to set up implementation strategies (5-year) and monitoring (annual).

75005 Paris, France

I am a French urban planner interested in developing methods (based on comparative analysis) for bringing change in the delivery of social services in order to preserve them and adapt them to the present constraints and present needs. These methods concern the functioning of large social organizations and more precisely the interaction between them which are usually used to be limited by the boundaries of linear rationality. My work emphasizes ways for overcoming the dichotomy between conception, decision and implementation. At the present time I am writing my dissertation (UCLA), which is a comparative study of two housing policies (American and French), aiming at bringing changes in the production of social housing.

Latecomers

Jeffrey D. Angell
482 North St.
Oakland, CA 94609
415/839-6776

I work for a West Oakland nonprofit, Jubilee West, in low-income housing development and preservation. Interests are community development, economic development, historic preservation, PC-based property and construction management, financing of housing and rehabilitation, and finding ways to give low-income communities control of their housing.

Tom Angotti
530 10th St.
Brooklyn, NY 11215
718-768-9890

I coordinate housing development in Queens and Staten Island for New York City's Dept. of Housing Preservation and Development. Interest in issues of displacement of minority communities, saving and expanding the stock of public housing. Interest in Latin America. I recently co-edited the Spring 1987 issue of *Latin American Perspectives* on "Urban Latin America," and contributed the lead article. I cover housing and Latin America for *Frontline* newspaper.

Ron Bunch
Bunch's Byte Service
495 Ellis St. #508
San Francisco, CA 94102

I'm pushing professional planners to be more responsive to the general public, and less like a rubber stamp or apologists for developers.

Nadine K. Maeda
3457 Likini St.
Honolulu, HI 96818
808/422-0048

I am working as a transportation planner for

the City and County of Honolulu on a proposed 14-mile elevated rapid transit system from Waikiki to Waipahu. We are exploring joint development with private landowners at potential station sites before the alignment is selected, and transit zoning overlays to give landowners development incentives in exchange for monetary contributions to the system. I am a recent graduate of the University of Hawaii Urban and Regional Planning program, and previously worked for two years with the Neighborhood Reinvestment Corporation, developing a neighborhood-based nonprofit in Kalihi-Palama.

Dick Platkin
331 N. Orange Grove Ave.
Los Angeles, CA 90036
213/938-8785

I'm a transportation planner for the City of Los Angeles, dealing with community transit, especially for the elderly and disabled. Other interests focus on urban quality of life issues, particularly density restrictions, traffic and landscaping. Also maintaining curiosity about urban political economy.

Webb L. Smedley
8704 2nd Ave.
Silver Spring, MD 20910
301/589-0215

My current focus is on the form and process of redevelopment in Silver Spring, Md.

Frank Harold Wilson, Jr.
Dept. of Sociology
Bowdoin College
Brunswick, ME 04011
207/725-3756

My research centers on examining neighborhood revitalization, displacement, and related questions of urbanization.

Passing the Word

(continued from page 4)

more regional integration in the Cleveland metropolitan area. Copies are \$4, plus \$1.07 postage.

DIRECT LINK is a quarterly newsletter of the Center for Computer Assistance to the Disabled (2501 Ave. J #100, Arlington, TX 76006), a nonprofit concerned with enhancing the lives of disabled people through high technology.

Upcoming Conferences

DISARMAMENT: The Riverside Church Disarmament Program (490 Riverside Dr., New York, NY 10027, 212/222-5900) will hold a national teach-in October 16-17 at the church on "Waging War in the Nuclear Age." Registration is \$25 for seniors, students and Vietnam veterans; \$35 for others. Two lunches are \$15.

IRS NONPROFIT COMPLIANCE: Accountants for the Public Interest—New Jersey (965 W. 7th St., Plainfield, NJ 07063) will sponsor a conference October 21 in New Brunswick on Internal Revenue Service treatment of nonprofits' unrelated business income and lobbying. Contact: Bob Bender, Executive Director, 201/757-9313.

COMPUTERS/INFORMATION SERVICES: The first international conference on Human Service Information Technology Applications will be held September 7-11 in Birmingham, England, on the theme, "A Technology To Support Humanity." Registration is \$465. Details: Walter LaMendola/Pamela Burgess, Information Technology Center, GSSW—Univ. of Denver, CO 80208, 303/871-2943.

URBAN LAND INSTITUTE: The Urban Land Institute (1090 Vermont Ave. N.W., Wash. DC 20005, 202/289-8500) will hold its Fall meeting October 7-10 in Los Angeles. Public official/academic registration is \$360 for ULI members, \$405 for nonmembers; for others, \$875 for ULI members, \$1,075 for nonmembers.

BANKERS/ECONOMIC DEVELOPMENT: The National Council for Urban Economic Development (1730 K St. N.W. #915, Wash. DC 20006, 202/223-4735) will sponsor a conference September 20-22 in Chicago on "Financial Institutions and Local Economic Development." Registration is \$365 for CUED members; \$395 for others.

HUMAN BEHAVIOR: The Institute for the Advancement of Human Behavior (Box 7226, Stanford, CA 94305, 415/851-8411) will hold a conference September 25-27 in Boston on the theme, "The Power of Laughter and Play." Registration is \$228.

APSA CONFERENCE: The American Political Science Association (1527 New Hampshire Ave. N.W., Wash. DC 20036, 202/483-2512) will hold its annual meeting September 3-6 in Chicago.

RURAL TRANSIT: The eighth national conference on Rural Public Transportation will be held August 30-September 2 in Ashland, Ore., on the theme, "Improving Mobility through Competition, Cooperation, Coordination." Registration is \$105. Contact: Sheldon Edner, Portland State Univ., Box 751, Portland, OR 97207, 503/229-4042.

HOUSING CO-OPS: The National Association of Housing Cooperatives (2501 M St. N.W. #451, Wash. DC 20037, 202/887-0706) will hold its 27th annual conference in Arlington, Va., October 21-24.

POVERTY: Justice for All (15 Dutch St. #500, New York, NY 10038, 212/962-0390) is sponsoring on November 17 a national day of awareness on poverty in America.

COMMERCIAL REHAB: The National Main Street Center (National Trust for Historic Preservation, 1785 Massachusetts Ave. N.W., Wash. DC 20036) will hold a conference, "Bringing Back Urban Vitality," September 9-11 in Detroit and September 28-30 in Oakland, on applying the "Main Street" approach to commercial district rehabilitation. Registration is \$195.

COMMUNITY GARDENING: The American Community Gardening Association (c/o Chicago Botanic Garden, Box 400, Glencoe, IL 60022, 312/835-0250) will hold its eighth annual conference in Seattle, October 25-29.

ECONOMIC DEVELOPMENT: The National Congress for Community Economic Development (1612 K St. N.W. #510, Wash. DC 20006, 202/659-8411) will hold its midyear conference October 14-17 in Los Angeles on the theme, "Planning for the 1990s." Registration is \$175 for NCCED members, \$210 for others.

HOUSING FOR WOMEN: The National Congress of Neighborhood Women (249 Manhattan Ave., Brooklyn, NY 11211, 718/388-6666) will hold a conference October 10-12 in Camden, N.J., on "Housing Options for Women." Registration is \$125.

WORKPLACE POLICY: 9-to-5 National Association of Working Women and the Service Employees International Union (1313 L St. N.W., Wash. DC 20005, 202/898-3350) are sponsoring a conference, "Solutions for the New Workforce," September 28-29 in Washington. Registration is \$75.

Calls for Papers

COMMUNITY ASSOCIATIONS: The Institute of Urban and Regional Development (Univ. of California, Berkeley, CA 94720) is soliciting papers for a November 21 conference in Berkeley on common-interest community associations, such as the mandatory homeowners' associations that maintain common property and rules of community life in condominiums, planned developments, and cooperatives. Papers may deal with social, political, economic, administrative, policy, or legal aspects of the associations. Contact: Stephen Barton/Carol Silverman, 316 Wurster Hall.

□ **HOUSING STUDIES:** The 1988 International Research Conference on Housing, Policy, and Urban Innovation (OTB/TUD, Postbus 5030, 2600 GA Delft, The Netherlands) is seeking papers for the June 27-July 1 conference in Amsterdam. In 10 planned workshops, topics include housing finance and public policy, urban lifestyles and neighborhood change, and urban housing in a changing demographic, economic, and technological context.

Conference Reports

□ **CHILD CARE:** From PN Member Ann M. Cibulskis (2955 S. Elias Ct. #2, Chicago, IL 60608): Resources for Child Care Management sponsored a national conference, "Child Care at the Workplace," in Chicago, June 11-12. The focus was on on-site child care centers and their growing importance as an employee benefit.

Most existing workplace centers (approximately 1,500 across the country) seem to have come about because employers wanted to do good for their employees, or because developers of office/industrial parks found child care to be a suitable amenity for attracting businesses.

One major conclusion was that employers have a role to fill in providing child care benefits, but that government is necessary for providing quality care to low-income families.

Issues of quality of care, quality versus affordability, liability insurance, management, location, government regulation, and government-sponsored care were addressed.

Conference proceedings will be available in the fall from Resources for Child Care Management, Box 672, Bernardsville, NJ 07924, 201/766-9273.

□ **BIKING ISSUES/ACTION:** From Networker Rick Hyman (Box 1214, Santa Cruz, CA 95061): A few participants wore shorts or t-shirts to the 4th Biennial Pro-Bike '86 conference in Seattle, but jackets and ties were more prevalent.

This excellent conference was professional, punctual, well-organized and informative. I picked up some good ideas from the six (of 42 available) workshops I attended, and from the many handouts. Anyone interested in browsing through the materials should call me.

The main themes of the conference seemed to be to institutionalize bicycling concerns both on a general and specific project/program level, and to accomplish these activities in a reasoned, organized manner.

Some specific pointers:

- While controversy still exists over the safety, appropriateness and hence necessity of striped bike lanes, there is general agreement that (Class III) "Bike Route" signs are worthless by themselves; instead warning signs to motorists and/or directional signs to cyclists should be posted as appropriate.

- Bike maps can either show bike routes or show suitable cycling routes; in either case they should be clearly designed (using professional assistance) to show some key information. In some cases, maps are preferable to signs.

- Bicycle enforcement programs should concentrate on serious violations, and incorporate an educational component, including the involvement of parents of youthful offenders.

- In determining appropriate bike routes, several factors

should be considered including traffic volume, speed, alternative routes, and gradient.

- In promising bicycle events or establishing bicycle facilities, a concerted effort should be made to determine potential risks and then to reduce them.

Jobs

□ **PN REMINDER:** Some of the jobs we list may have application deadlines earlier than when you receive the Newsletter. But deadlines can be adjusted sometimes. So we urge you to phone first, if a number is listed, and check on the deadline schedule.

□ **TAX ISSUES:** Citizens for Tax Justice (1313 L. St. N.W., Wash. DC 20005, 202/989-3369) is seeking an experienced organizer as Regional Organizing Director (\$18,000-\$25,000), and an entry-level research assistant (\$15,000-\$16,000). Contact: Jeff Spinner or Margaret Marr.

□ **PROGRAM ASSOCIATE:** The Community Information Exchange (1120 G St. N.W. #900, Wash. DC 20005, 202/628-2981) is seeking a program associate, with writing skills and knowledge of community economic development. Contact: Alice Shabecoff.

□ **SENIOR STAFF:** The Center for Neighborhood Technology (570 W. Randolph St., Chicago, IL 60606, 312/454-0126) is seeking an Assistant Director for Administration, one of three executive officers of the organization, and a Technical Services Coordinator, who would head an in-house technical assistance consultancy in energy services, industrial development, and energy research. Salary depends on experience. Contact: Scott Bernstein, Executive Director.

□ **ECONOMIC DEVELOPMENT:** North Carolina Legal Services has openings in two Legal Services-related projects: Community Economic Development Coordinator (\$20,000-plus) with YMI Cultural Center Inc., Box 7301, Asheville, NC 28807; and Community Economic Development Specialist (\$20,000-plus) with the Commission for Racial Justice, Franklinton Center, Rt. 1, Box 153, Whitakers, NC 27891.

□ **UMASS ASSISTANT PROFESSOR:** The Center for Community Planning, Univ. of Massachusetts/Boston has a tenure-track opening for an assistant professor to teach undergraduate courses in planning, management, and policy. Salary is \$26,000-\$27,000. Contact: Miller C. Lovett, Univ. of Massachusetts, Downtown Center—CPCS, Boston, MA 02125.

□ **INTERN/TRAINEE:** The National Low Income Housing Coalition (1012 14th St. N.W. #1006, Wash. DC 20005, 202/662-1530) has an opening for an intern/trainee in national housing advocacy and policy making. A modest stipend is available.

□ **GERONTOLOGY FACULTY:** The Andrus Gerontology Center (University of Southern California, Los Angeles, CA 90089) has an opening for a tenure-track assistant or associate

professor to teach and conduct research in policy and aging.
Contact: Policy Search Committee.

JOB ADVOCACY: The Southeast Women's Employment Coalition (382 Longview Dr., Lexington, KY 40503, 606/276-1555) is seeking an experienced project director for its job advocacy program, Women's Opportunity in Road Construction. Salary is \$20,000-plus. Contact: Wendy Johnson, Executive Director.

DIRECTOR: The Pittsburgh Architects Workshop Inc. (237 Oakland Ave., Pittsburgh, PA 15213, 412/682-6360) is seeking an experienced nonprofit administrator as Director. Candidates should have a background in architecture, urban planning, and work with community groups.

Ex Conferences

MIDWEST ACADEMY: The Midwest Academy (225 W. Ohio St. #250, Chicago, IL 60610, 312/645-6010) held a retreat July 31-August 2 in Chicago on the theme, "Setting the Agenda for '88 and Beyond."

HOUSING COUNSELORS: The National Federation of Housing Counselors (Box 33755, Wash. DC 20033) held its 14th annual conference, "Accelerate the Pursuit of Decent Housing: A Non-Nonsense Challenge," July 19-24 in Washington.

ECONOMIC DEMOCRACY: The International Sociological Association sponsored an international conference, "The Politics of Economic Democracy," August 5-7 in Boston. Details: Charles Derber, Dept. of Sociology, Boston College, Chestnut Hill, MA 02167, 617/552-4130.

Etcetera

OCTOBER PN DEADLINE: The arrival deadline for copy for the October *Planners Network* is Monday, October 5. We look forward to hearing from as many Networkers as possible. Our thanks always to those who type their notes. It's a great help in production; and it reduces our chances of misreading what you write.

Arrival deadline for PN #66 copy: Monday, October 5.

TALK UP PN: Please don't be shy about sharing news of the Planners Network with others. Let them know about us. Probably the best outreach we have is when you educate and recruit your friends, co-workers, acquaintances, and others. We have a good, one-page introductory sheet, "The Planners Network—What It Is," which we can send you in any quantity you wish. "What It Is" includes a statement of our principles, a brief organizational history, a list of Steering Committee members (who also double as regional contacts) and the method for calculating contributions. If you wish, you can also send us a list of prospective Networkers, and we will contact them for you.

PERSONAL UPDATES: There are a number of short communications in this issue from Network members, letting us know about new jobs, projects, what's happening in their lives, etc. We encourage this. Sharing this kind of "where-I'm-at" information helps create a sense of community, provide contact, generate support, and generally act like the network we strive to be.

ADDRESS CHANGES: Many Networkers seem to move around a lot. When you do, please let us have your old address and zip code as well as your new ones. Names (like luggage) sometimes are identical, and we want to be sure we change the right address card. Moreover, our cards are maintained in zip code order (because that's the way the Post Office wants the mail); so if we don't have your old zip code, we can't find your old card; and we wind up paying postage for phantom recipients. So please help out and send both old and new addresses.

"CALL" STATEMENT: We have a one-page, broadside version of the "Call for Social Responsibility in the Planning and Building Profession," which appeared in PN #49. Copies are available on request. It makes a good addition to "The Planners Network—What It Is" in recruiting members.
